HOW TO ASSEMBLE

Number of needed pieces of each part is included in printing file.
Attach zipper to the # 10 and sew it. Attach zipper to the #2 and sew it. Put #11 on #10 from (k) edge and sew (k). then sew them to #2 through (e) edge. sew #3 to the other edge of #10 & #11 through (m). attach a layer of lining to the back side of #2 but do not use glue under the zipper to make a pocket for the zipper. put #7 on lining which is include in printing file and glue them. also put #2 on the lining but no need to glue them. there will be a pocket between #2 and #7. attach hole rivet to #7. #2 and #7 and lining, make the front side of the bag. put #5 on #4 from (w) edge and sew (w). do it for both left and right side. put #6 on #5 from (s) edge and sew (s). now sew the main zipper to the specified edge of #4, #5 & #6 and make sure that you have an extra 5 cm zipper on both side so that you can attach the zipper puller later. sew the other half of this zipper to the front side as it is shown with a blue line on instructions second page. again, consider an extra 5 cm but do not sew this extra zipper. starting point of sewing zipper is shown on pattern and charts. sew #4,#5 & #6 to the #1 through (a) edge but when you get to the (x) point, pass #8 through a D shape ring and fold #8 to its back on put it between #4 and #1 and continue sewing. also when you get to the #6 upper side, put the two #9 parts back to back and put the (c) edge of #9 between #6 and #1 and sew (c). put left t of #4 on right part of #4 from (t) edge and sew (t). sew #4 to #2 through (b) edge. put the bag strap between to part of #9 and sew the edges of #9. attach the lock to #2 and #6. pass strap through the sizing ring and then connect strap to the D-ring through a swivel clasp. good luck
