
THE BOWLER HAT

Assembly instructions

Difficulty level: Advanced
Completion Time 24 - 48 hours

NECESSARY TOOLS

B&W Printer

Scissors or a cutter

Hole Puncher (We recommend 1.5 - 1.8 mm sized holes for this build)

Approx 2.5 square feet of leather. (We strongly recommend only 5.5-6.5 oz vegetable tanned leather for this build)

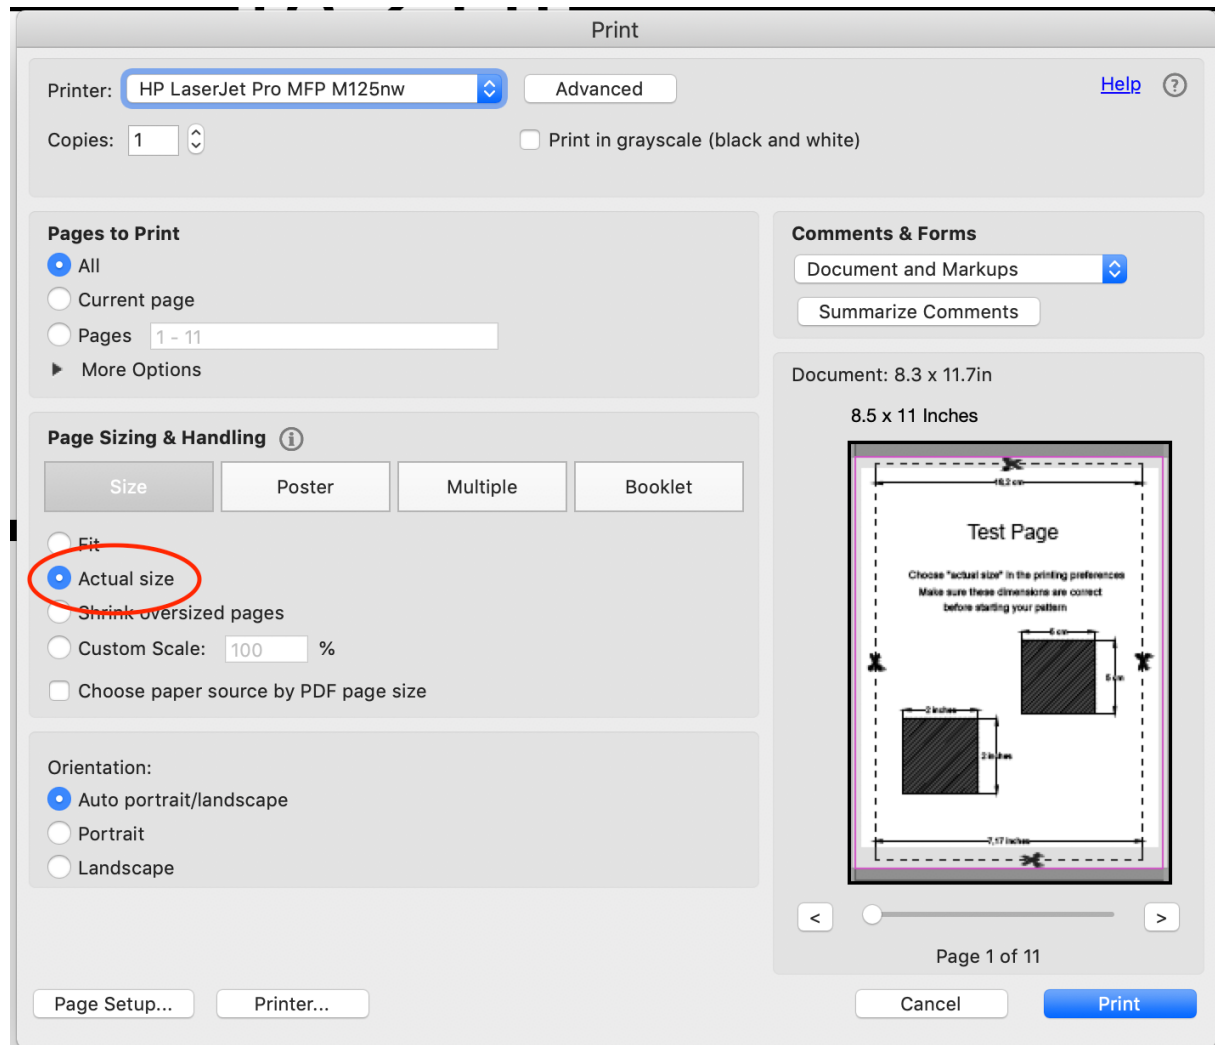

Thread and needles (We recommend 1 mm waxed thread for this build)

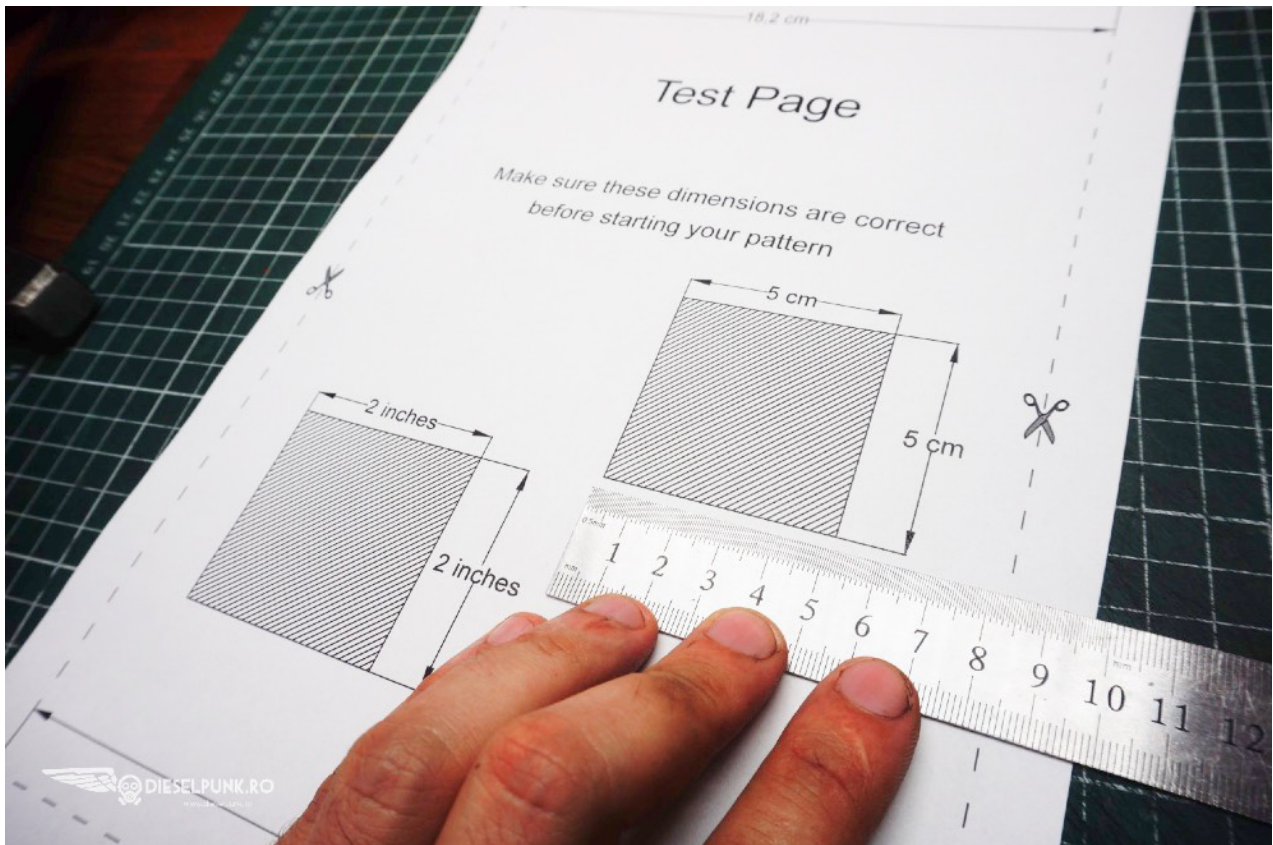

PRINTING THE PATTERN

Set up your paper size to Letter, Legal or A4 and choose actual size in the printer settings

Print all the patterns.

The first page is a measuring reference and you can use a ruler to make sure it matches the square. That means the rest of the pattern will print on the right size

In order to further help with your build, we filmed the entire process from the start to finish.
Please access your instructional video here:
