

Material requirement:

- 2.0-2.5mm Chrome or Veg Tanned Leather
- 240mm zipper
- Magnetic fastener button
- D ring

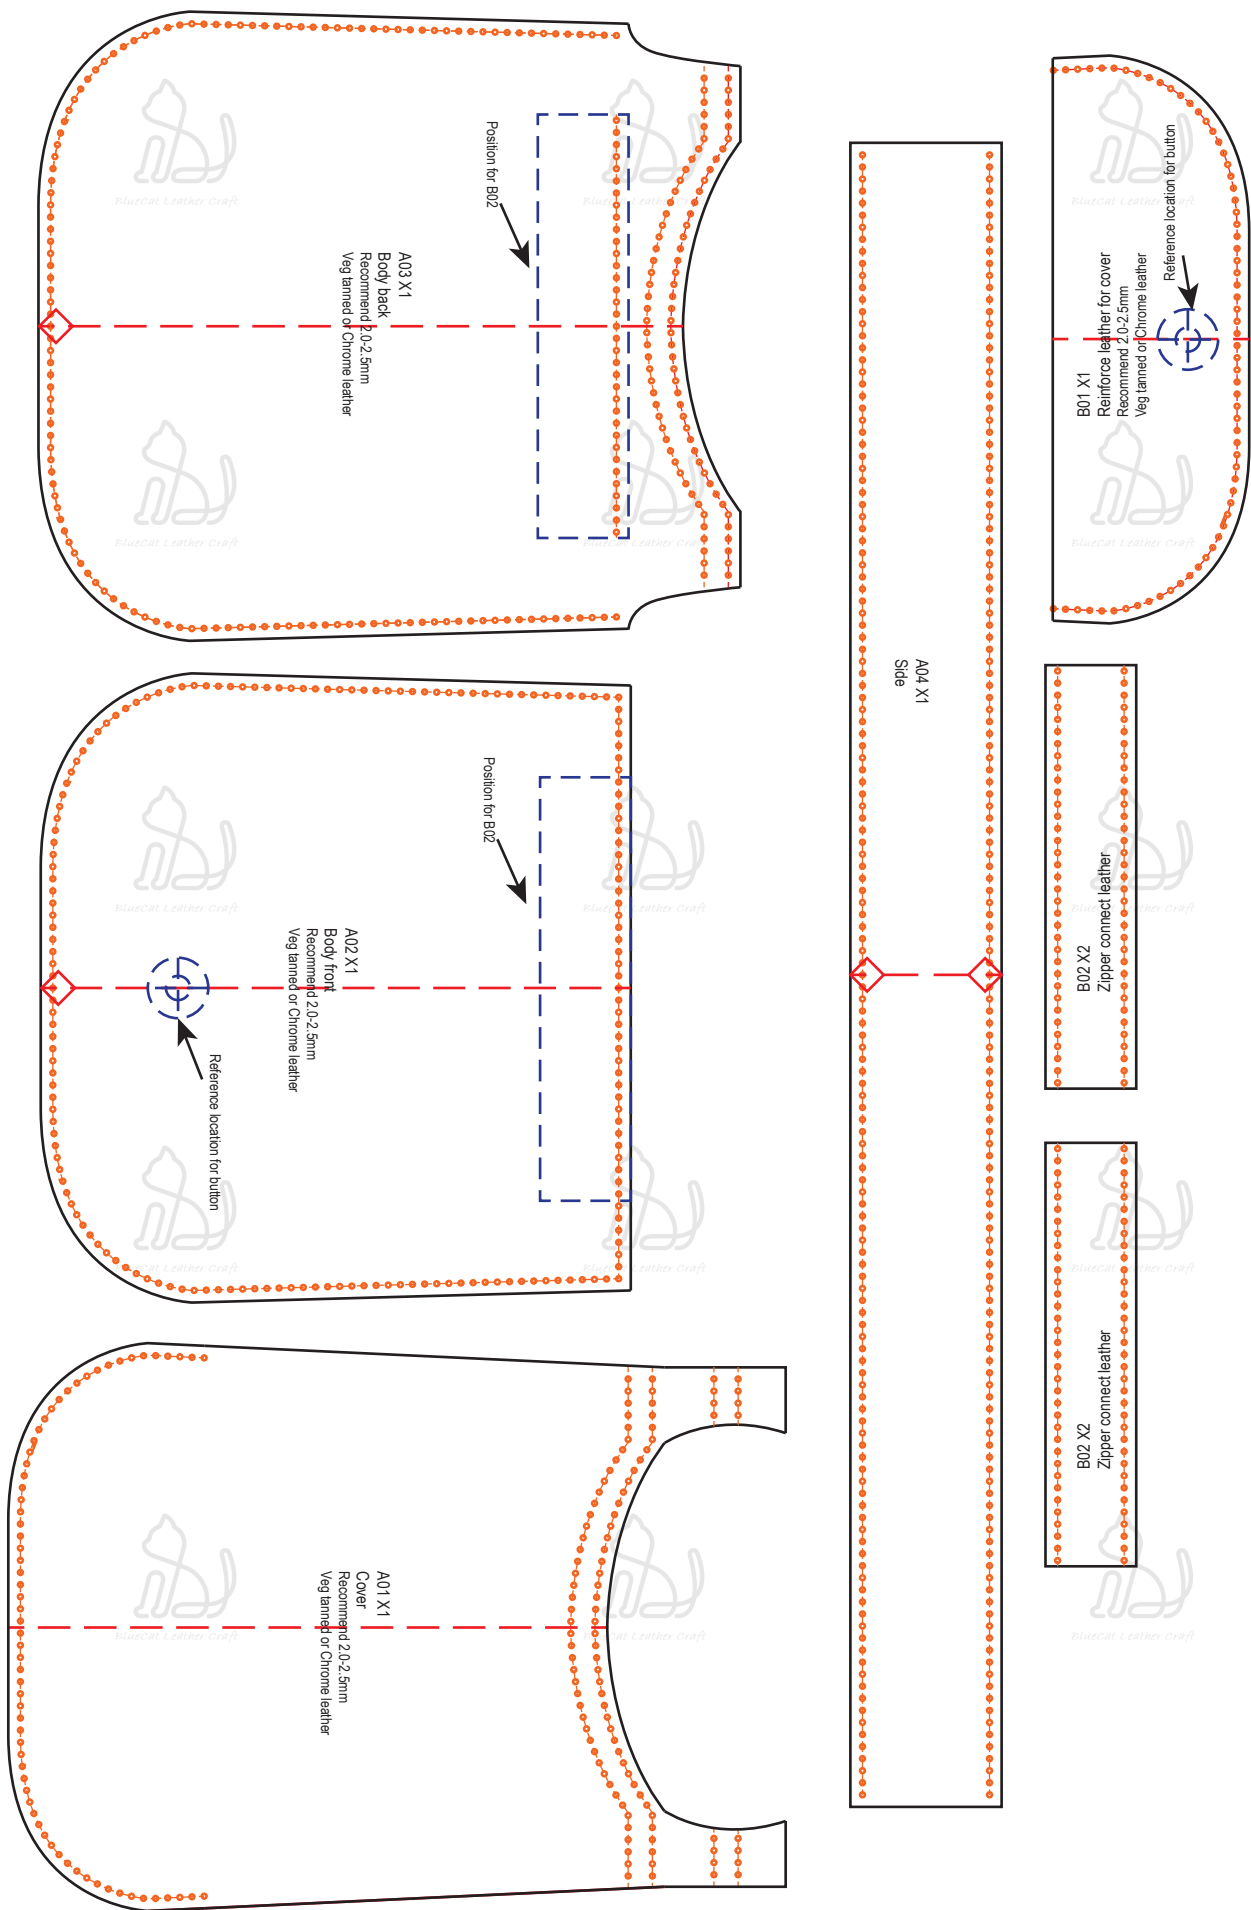

Tools Requirements:

- 1 regular cutter
- 2 needles
- 1 hammer
- 30cm ruler
- 1 Clamp
- leather punch chisel of 4mm
- sandpaper
- edge burnisher
- Small scissor
- Hole puncher
- Buttons installation tools

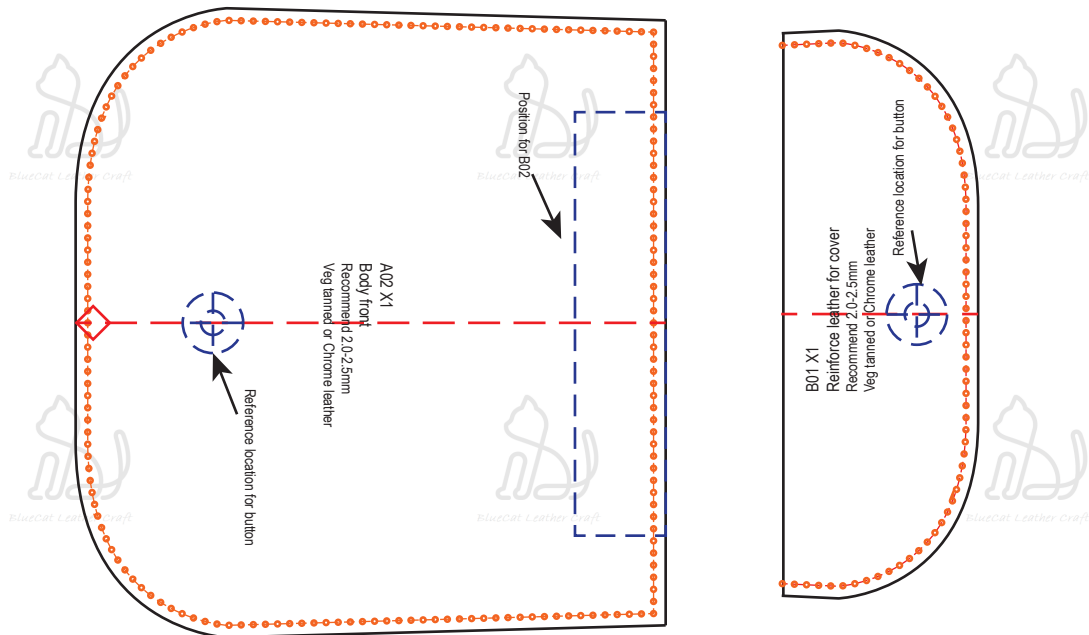

***Note: In this case, I assume that you have the basis knowledge about leather craft, like cutting, sewing, edge burnish or painting etc.

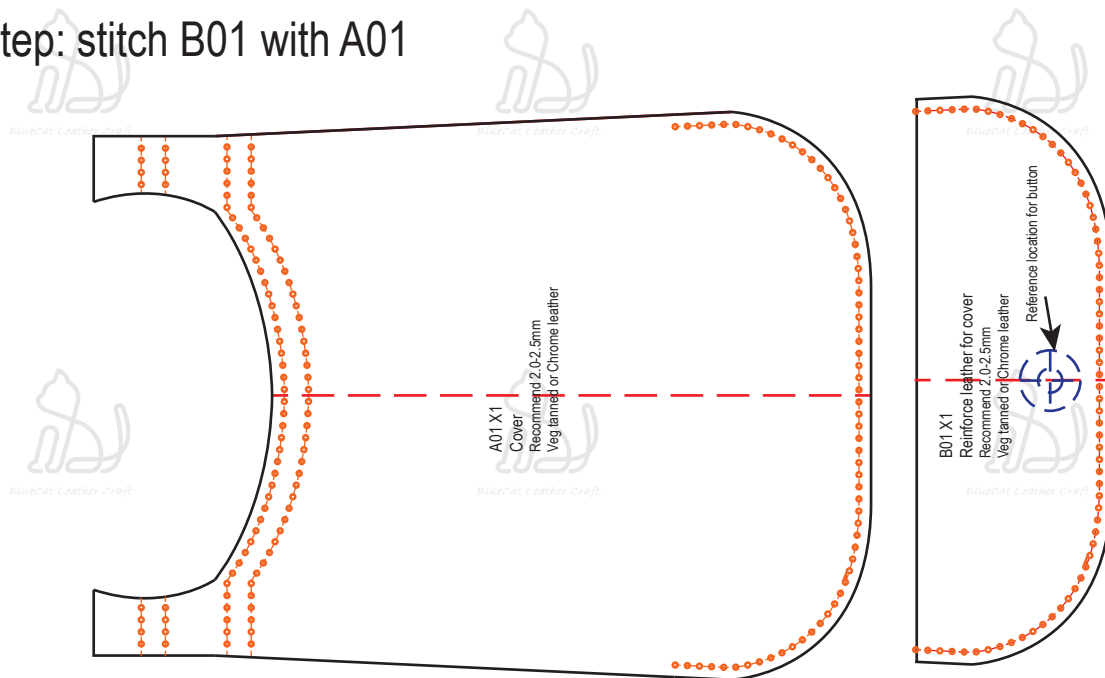

1st step: you have to cut the leather along the solide line, make sure they are right size before cutting, they are 7 pieces.

2nd step: Punch the holes and install the button on B01 and A02 (have to colibrate the position of button before punching).

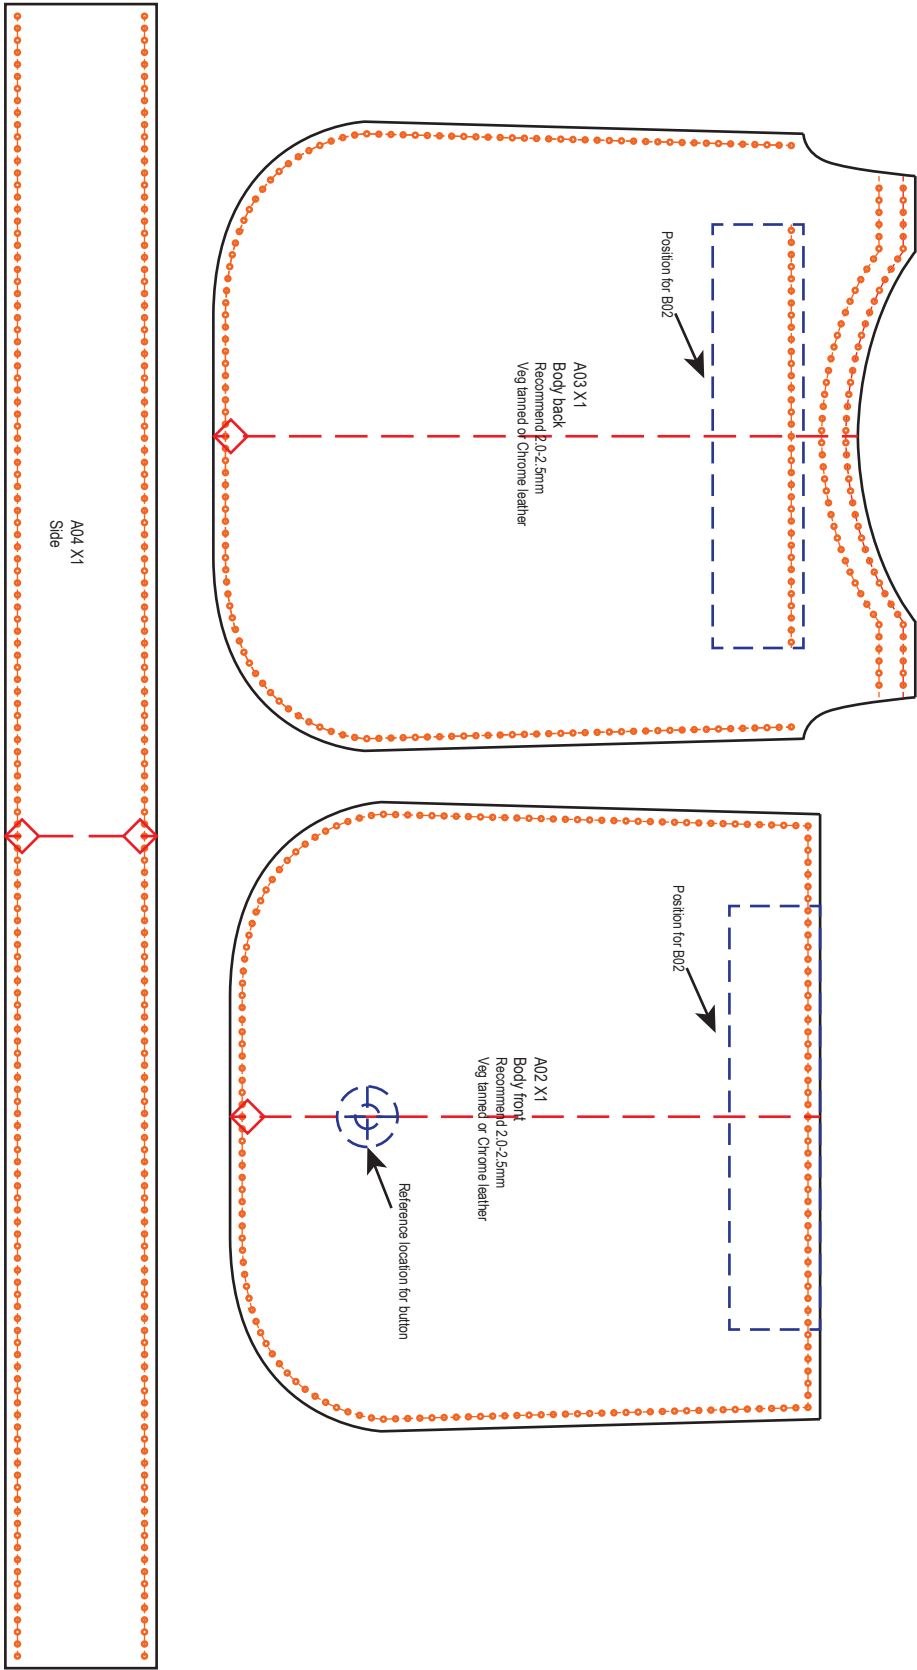

3rd step: stitch B01 with A01

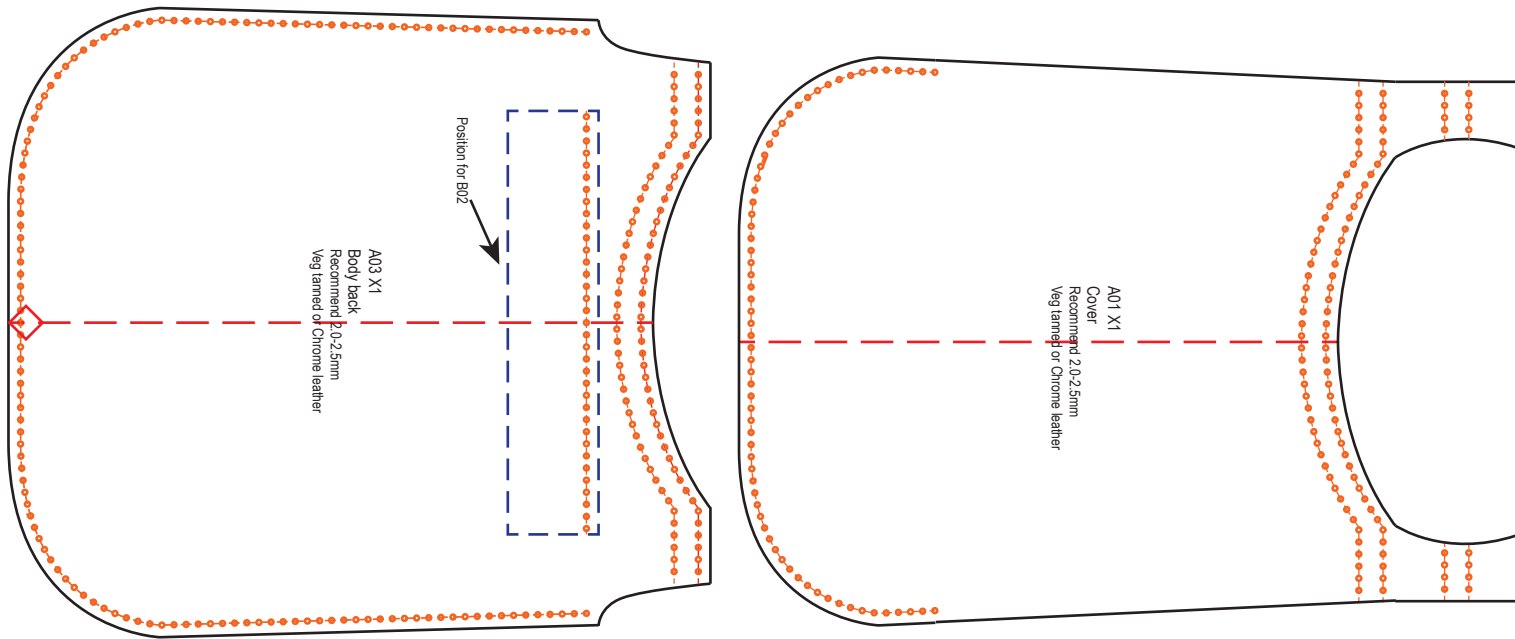

The diagram illustrates a double-sided zipper bag with two pockets. The top pocket is labeled "B02 X2" and "Zipper connect leather". The bottom pocket is also labeled "B02 X2" and "Zipper connect leather". The bag features a central zipper track with a black and white checkered pattern. The entire bag is outlined with orange dots, and the pockets are outlined with black lines. The BlueCat Leather Craft logo is visible on both sides of the bag.

Technical drawing of a cat collar with a zipper and a button. The drawing includes a side view and a top view. The side view shows a collar with a zipper and a button. The top view shows the collar's shape with a zipper and a button. The drawing is labeled with "BlueCat Leather Craft" and "B02 X2".

6th step: Stitch A04 with A02 and A03. Recommend glue the A04 with A02 and A03 in the middle first then extend to both side.

7th step: Stitch A01 with A03, don't forget install D ring at this step.

8th step: make a strap with the length you want, then the project is finished
