

La Enpanada

Materials:

For the body anything around 5-6 oz, for the zipper frame and the D-ring strap 3-4 oz would do.

Hardware:

1/2" D-ring or O-ring

7" zipper

Tools:

Scissors, knife (paper knife or rotary cutter would also work).

Stitching irons: my pattern is made for 5mm stitching irons (5 stitches per inch). If you are willing to use any other size please make sure that the hole count is the same where it has to be the same.

Needles - according to your thread size, a pair of harness needles.

Mallet.

Instructions:

Print the pattern at actual size (100%). Cut the pieces.

Make the logo patch and stitch it on.

Glue the zipper frame onto the zipper so you don't have to worry about it when you stitch. Stitch the zipper and zipper frame together.

Take the body and the zipper frame with zipper, and line up marked holes. This is where I suggest to start stitching. If you don't feel like starting and ending your stitching in the corner, count same number of holes on each part in either direction and start from there. The important thing is to keep these holes aligned so your Empanada doesn't warp if you align the pieces in a wrong way.

While stitching insert the D-ring strap with D-ring in one of the corners. You can skip this step, it is just convenient thing to have. The strap is inserted between the layers and sewn into those 3 stitches that I marked on the pattern, or you can use 3 holes on the other side, the marked hole being the central.

Any questions or comments, e-mail me: lissius@gmail.com.
