PRINTING THE PATTERN

Set up your printer to A4 paper with no margins on landscape mode.

Alternatively you can use “letter” format which is approximately the same size and will not impact the size of the product

Print your patterns. Cut out all the parts as shown in the picture below.

Use these templates to cut the leather and make the stitching holes. As always with any of my patterns EVERY STITCHING HOLE is precisely placed and necessary. The more accurate you mark them and make them the better the stitching will be

In order to help with your build, we filmed the entire process from the start to finish.
