

Couplet Cardholder

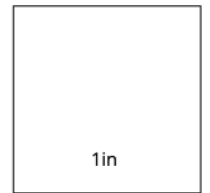

These instructions are provided by "T. C. Hall Leather" with the attached template and YouTube video. Do not resell the pattern, but feel free to sell products made by altering this design!

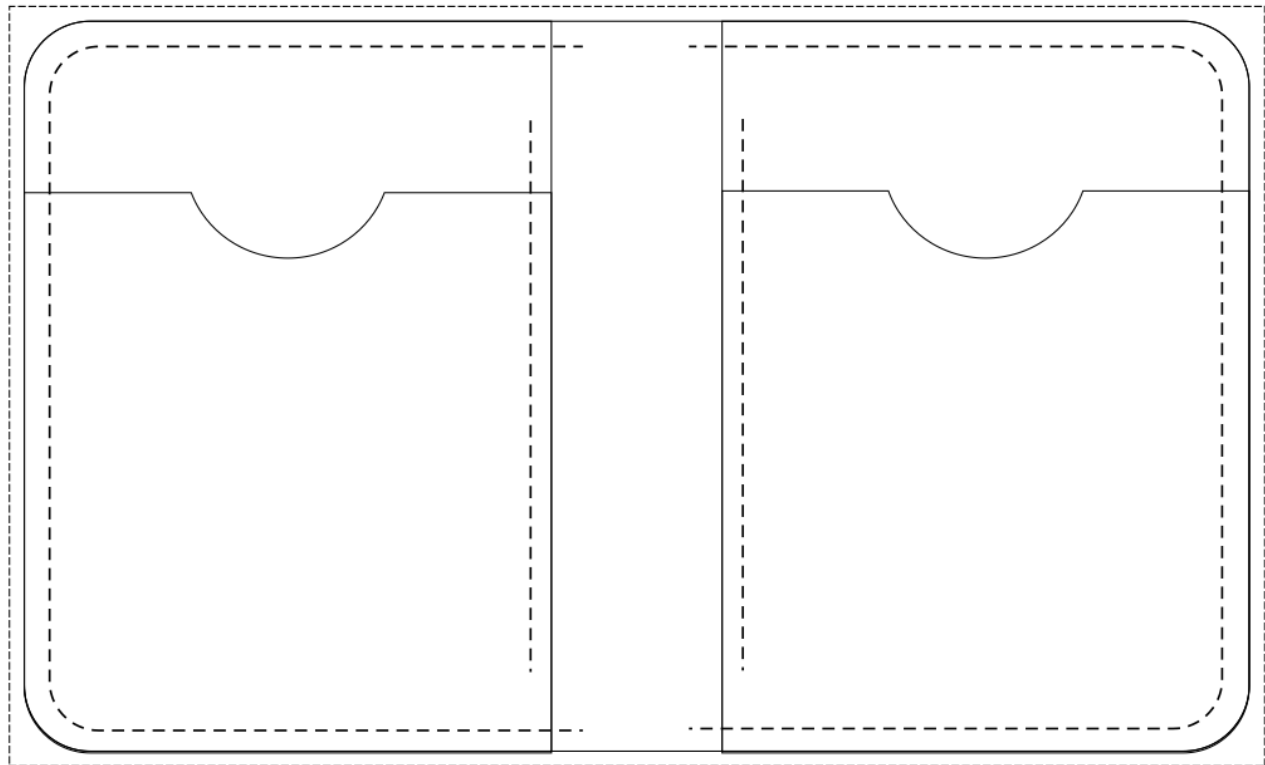

See tchleather.com for FAQ and more products!

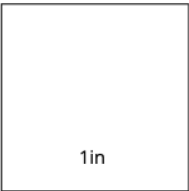

Materials needed:

- .5 ft² vegetable tanned leather (2.5-3oz or 1-1.2mm thick)
- 2 sewing needles (we use John James #004)
- 4x stitch length in thread (we use Vinymo MBT #5 or .6mm)
- A ruler or straight edge
- Thread snips/scissors
- X-Acto or leather knife
- Scratch awl (anything small and pointed will work here)
- Wing divider (recommended)
- Edge beveller (recommended)
- Pricking irons or stitching chisels (we use Rocky Mountain European 3.85mm)
- Poly maul or hammer (NOT METAL)
- Lighter or Thread ZAP
- Glue (we use Seiwa leather glue)
- Burnishing agent (we use Seiwa Tokonole, but beeswax or gum trag works)
- Creasing tool (optional)
- Sandpaper (recommended; we use 150, 220, and sometimes higher)
- Radius tool, corner punch, or coin (a coin works)
- Edge slicker (recommended)
- Canvas cloth (optional)
- Glue spreader (or stiff scrap)
- Stitching pony (recommended)
