

The image shows a template for an A2 paper print. It features a large outer rectangle with rounded corners, defined by a dotted line. Inside this is a smaller rectangle, also with rounded corners, defined by a solid line. At the top of the inner rectangle, there are two small rectangular boxes, each defined by a dotted line. The text "a2 paper print" is centered within the inner rectangle. The entire design is surrounded by a series of small circles, likely representing punch holes for a binder or folder.
