A4

A2

The diagram consists of a dashed rectangular frame. On the left side of the frame, there is a solid vertical line segment. To the right of this segment, a curve starts at the top of the vertical segment, curves to the right, and then curves back to the left to meet the bottom of the vertical segment. The region between the vertical segment and the curve is labeled 'A2'. The label 'A4' is positioned above the 'A2' label, near the top-left corner of the dashed frame.
