<https://www.youtube.com/c/SpringbokCraftCo>

To verify the pattern prints accurately, make sure this square prints exactly as a 1 x 1 inch square

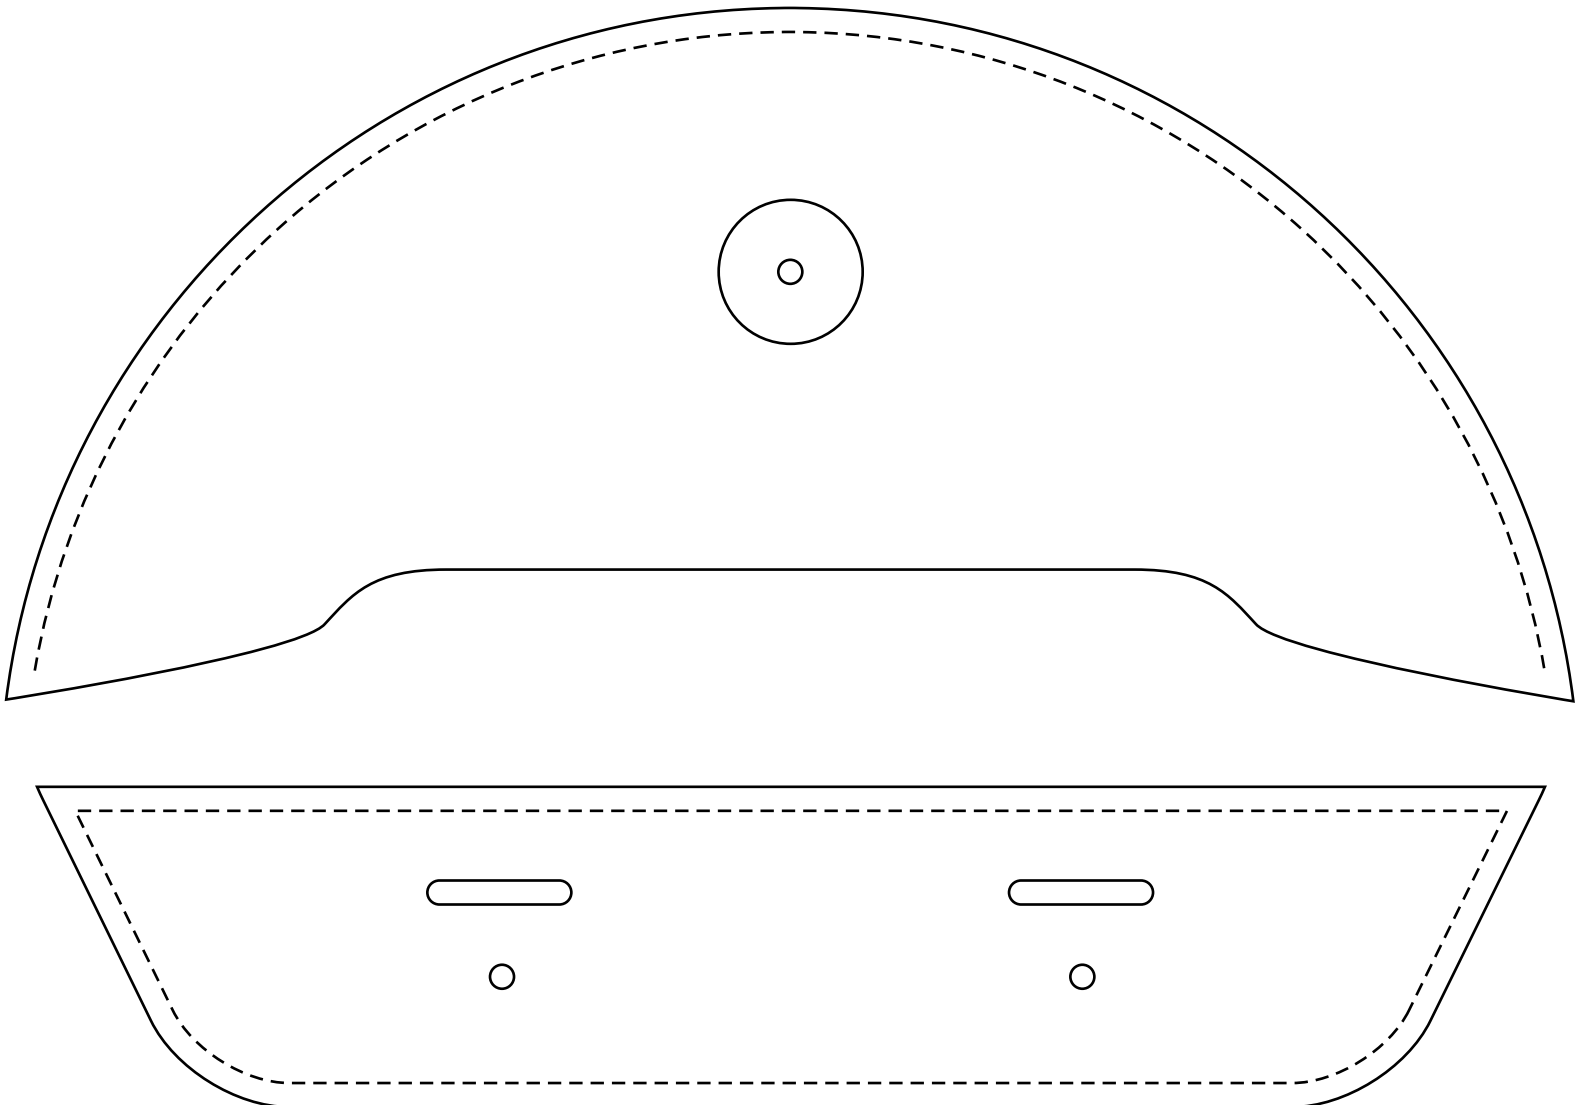

MATERIALS *(This is what I used, but you can change up all these things!)*

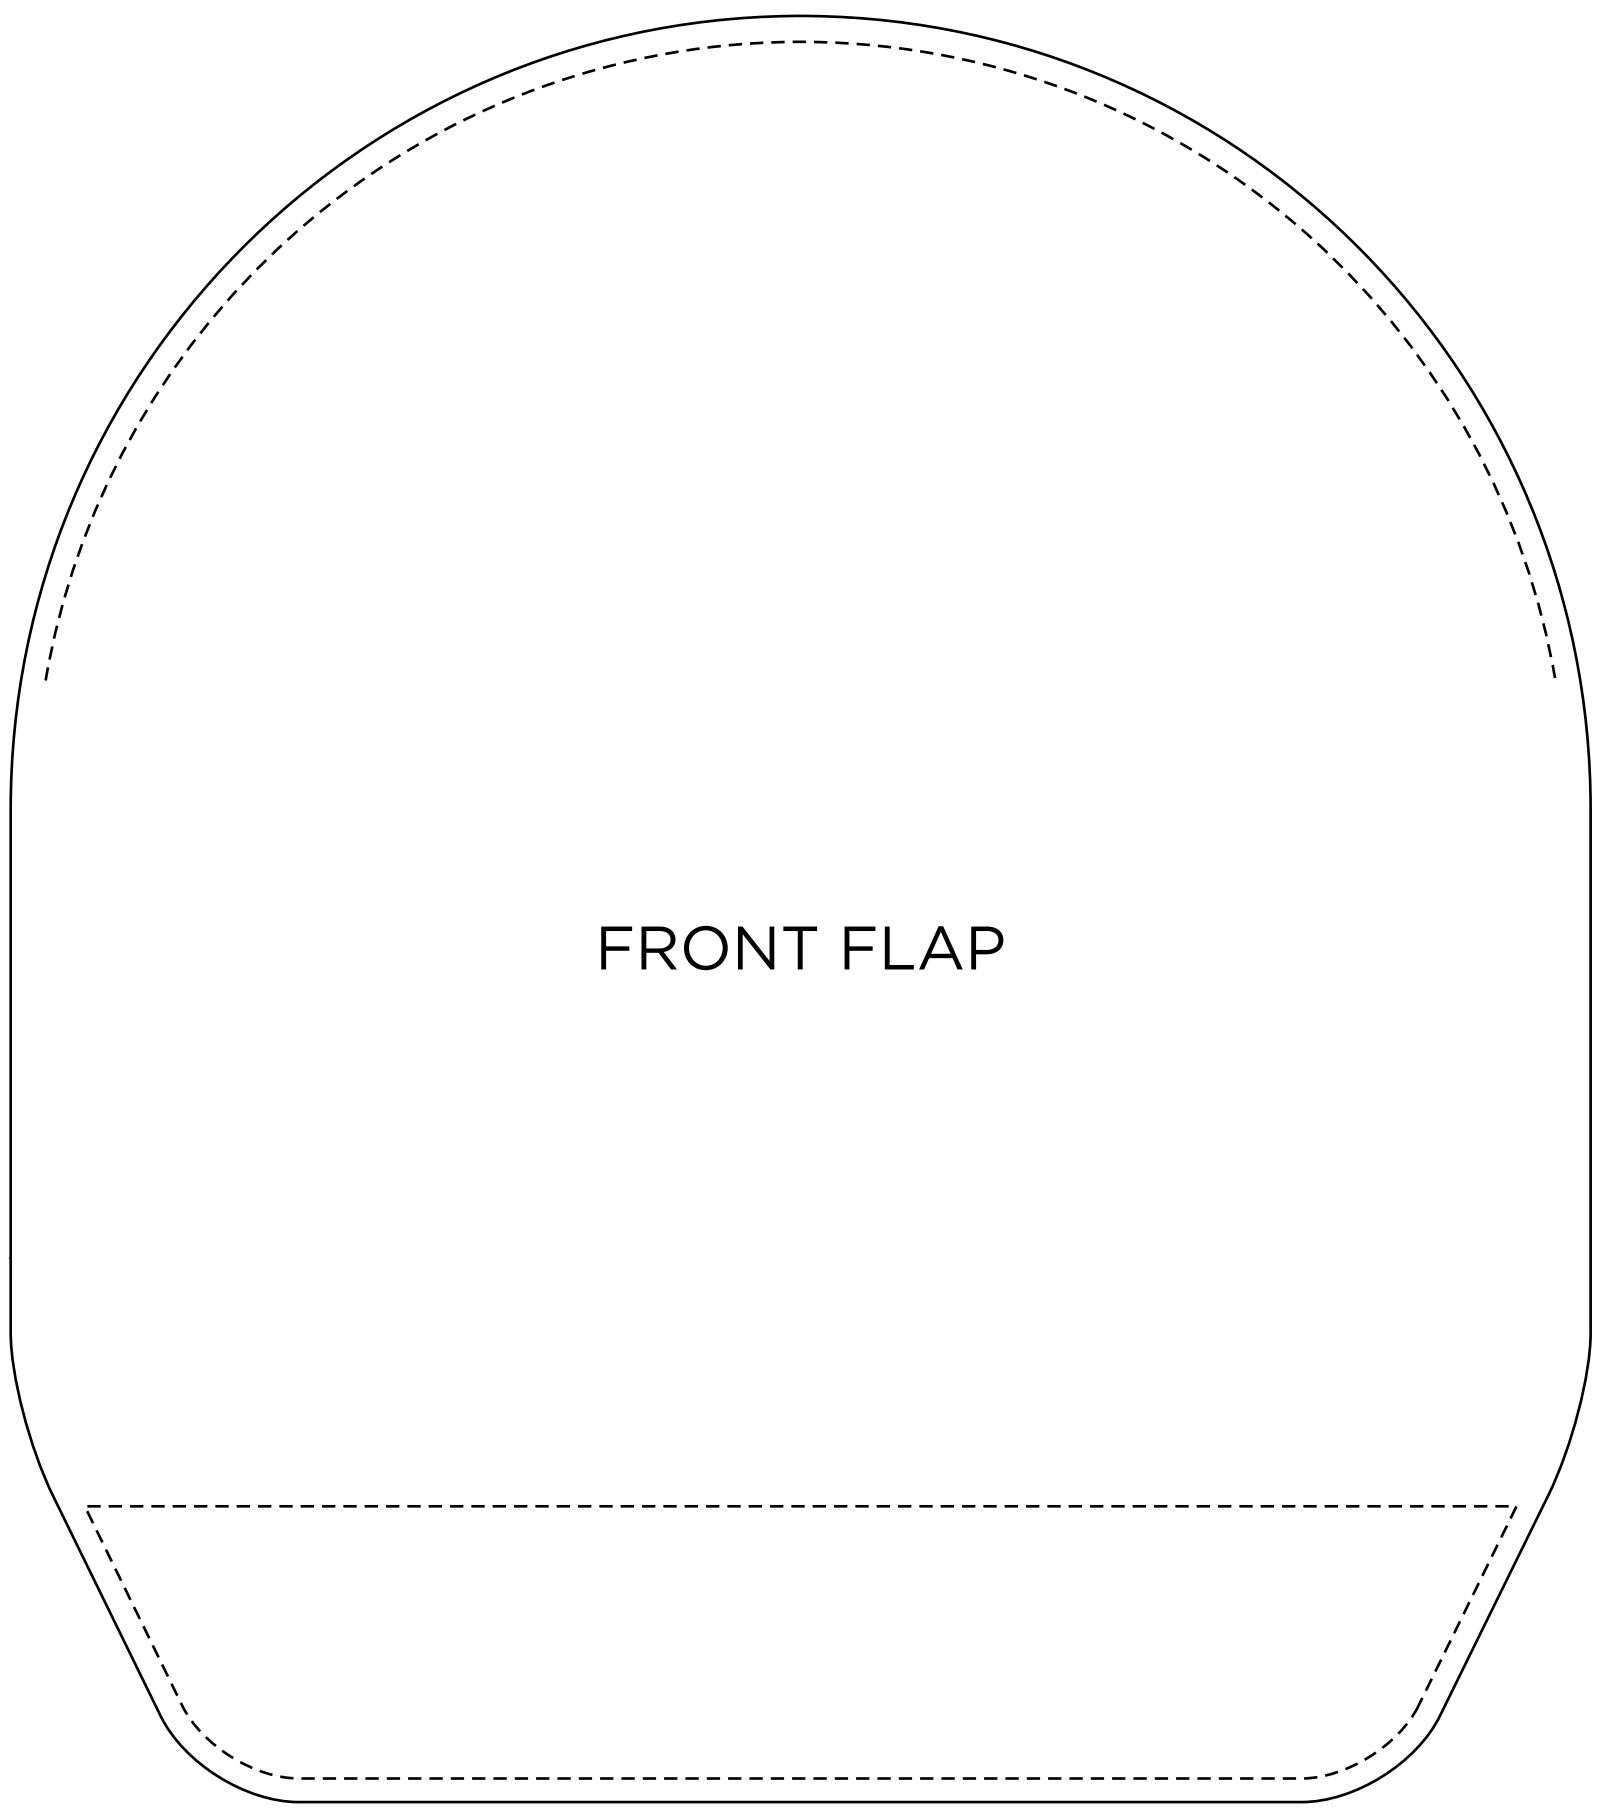

- 8 Grommets (0.39" inside, 0.42" outside)
- 2 Strap Buckles (3/4")
- 2 Rectangular Loops (3/4")
- 1 Magnet Snap (3/4")
- 4 oz Leather
- 10 oz Canvas Lining

NOTES

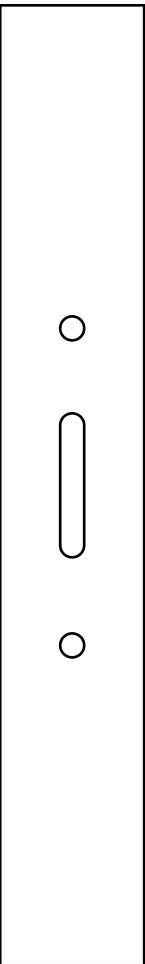

- Shoulder Straps: 32" Long (adjust to your own size) and 3/4" wide
- Drawstring Cord: 35" Long and 3/16" wide
- For the top handle and the straps, I doubled the width, folded and sewed it.
- Seam allowance is 0.125"
- If you're adding a lining, fold the main body panel at the red dashed line and cut the lining shorter than your leather.
- You don't have to line this, just fold at the red dashed line and sew that rolled edge down and then add your grommets. You would do this at the beginning before assembling the flap piece.

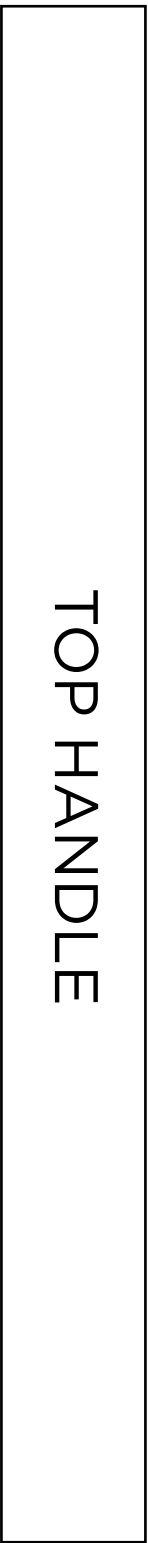

SPRINGBOK CRAFT CO

A template for a front flap, consisting of a large semi-circle with a dashed line inside it, and a rectangular flap at the bottom with dashed lines indicating fold lines.
