

ASSEMBLY INSTRUCTIONS**PAGE 1 / 2**

Be notice that parts #(1,2,3,5,6,7,8,9) are divided into several parts to fit in A4 paper. you should attach the pieces together with tape to reach the original patterns and be noticed that pieces should not over lap each other.

Cut out part #1 two times for front and back sides. both sides of the bag are the same. cut out parts #(2,4,5,6,7,8,11), two times. cut out parts #(3,9) once. cut out parts #(10,12,13,14) four times. for the shoulder straps, you will need to cut to straps in sizes of 90 and 60 cm long with 3.5 cm wide.

First, stick #13 back to back of #12. pass the tips of #14 through the slots of #5 and sew them. also do the same for other pieces of #14 and sew them to #4. pass #11 through D-ring and fold it and sew it on #2 and connect a rivet to it. sew one of part #12 on #2 and then stitch all around it. sew another part #12 on #6 where it shows in charts. also stitch (k) holes on #6. after that, pass #10 through the O-ring and fold it and sew it on #1.

now sew #6 to #1 by (s) holes. sew #7 to #1 by (h) holes. then sew #5 to #7 along the (e) edge. connect the studs on #3 then sew #1 to #3 along the (m) edge by putting the edge of #1 on the edge of #3. sew the back side (#1) to the other edge of #3.

now glue the zipper to the #9. sew the (p) holes of #4. then put #4 on #2 and then sew #1 to them along (a) edge by putting the #1 edge on #2 and #4 edges. now sew #9 to #1 and #2 by (z) holes and after that sew the zipper.

next, pass the tips of #8 through O-rings and fold it and connect the rivets. then sew the two edges of #8 together which are shown by (x). connect the shoulder straps to D-ring , using a swivel clasp. connect the two parts of straps with the buckle. good luck.

MATERIALS AND FITTINGS NEEDED

Cowhide 6-7 oz leather : approx. 16.5 ft²

Linen or other waxed thread : approx. 100 m

Zipper : 70 cm ; Zipper puller : 2

Size 3.5 cm O-ring : 4

Size 3.5 cm Swivel clasp : 2

Size 3 cm D-ring : 2

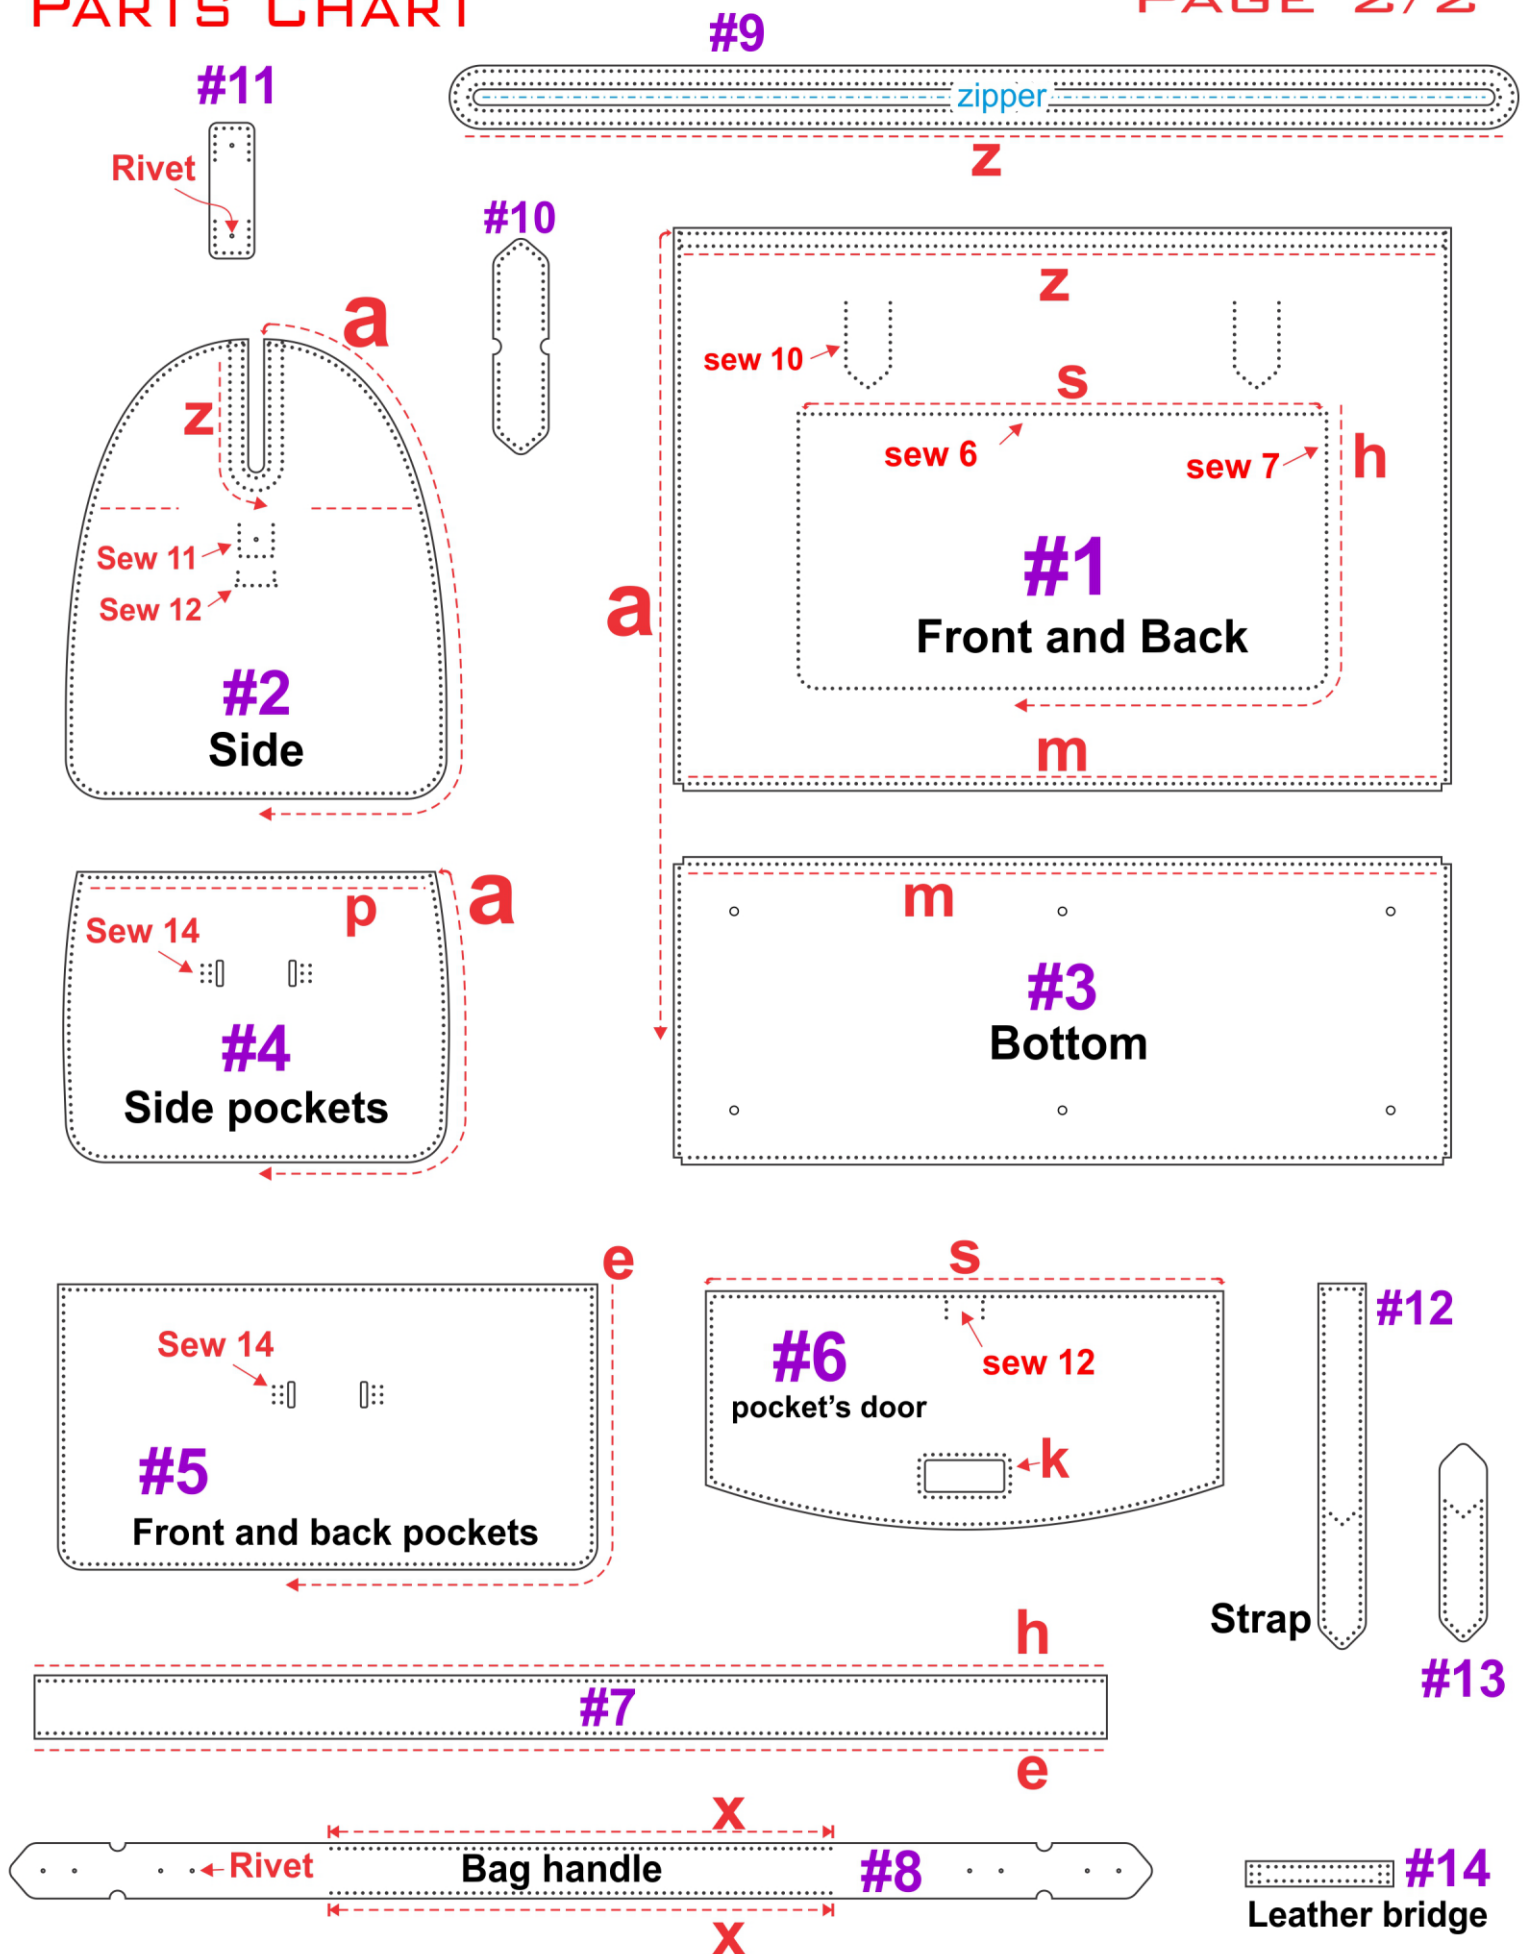

Size 3.5 cm buckle : 1

Rivets : 20

Studs : 6
