厚紙などに貼ってお使いください

革の厚みや、芯材又は、芯材の厚みなど、微妙なズレの積み重ねで縫製寸法が合わなくなり、綺麗に作れなくなる場合があります。又、プリンターの性能、用紙の伸び縮によって正確な寸法で出力されない場合があるため、1mm(0.0394インチ)単位のズレを注意しなければ行けない箇所は、確認してからご使用ください。

Please use it by sticking it on thick paper

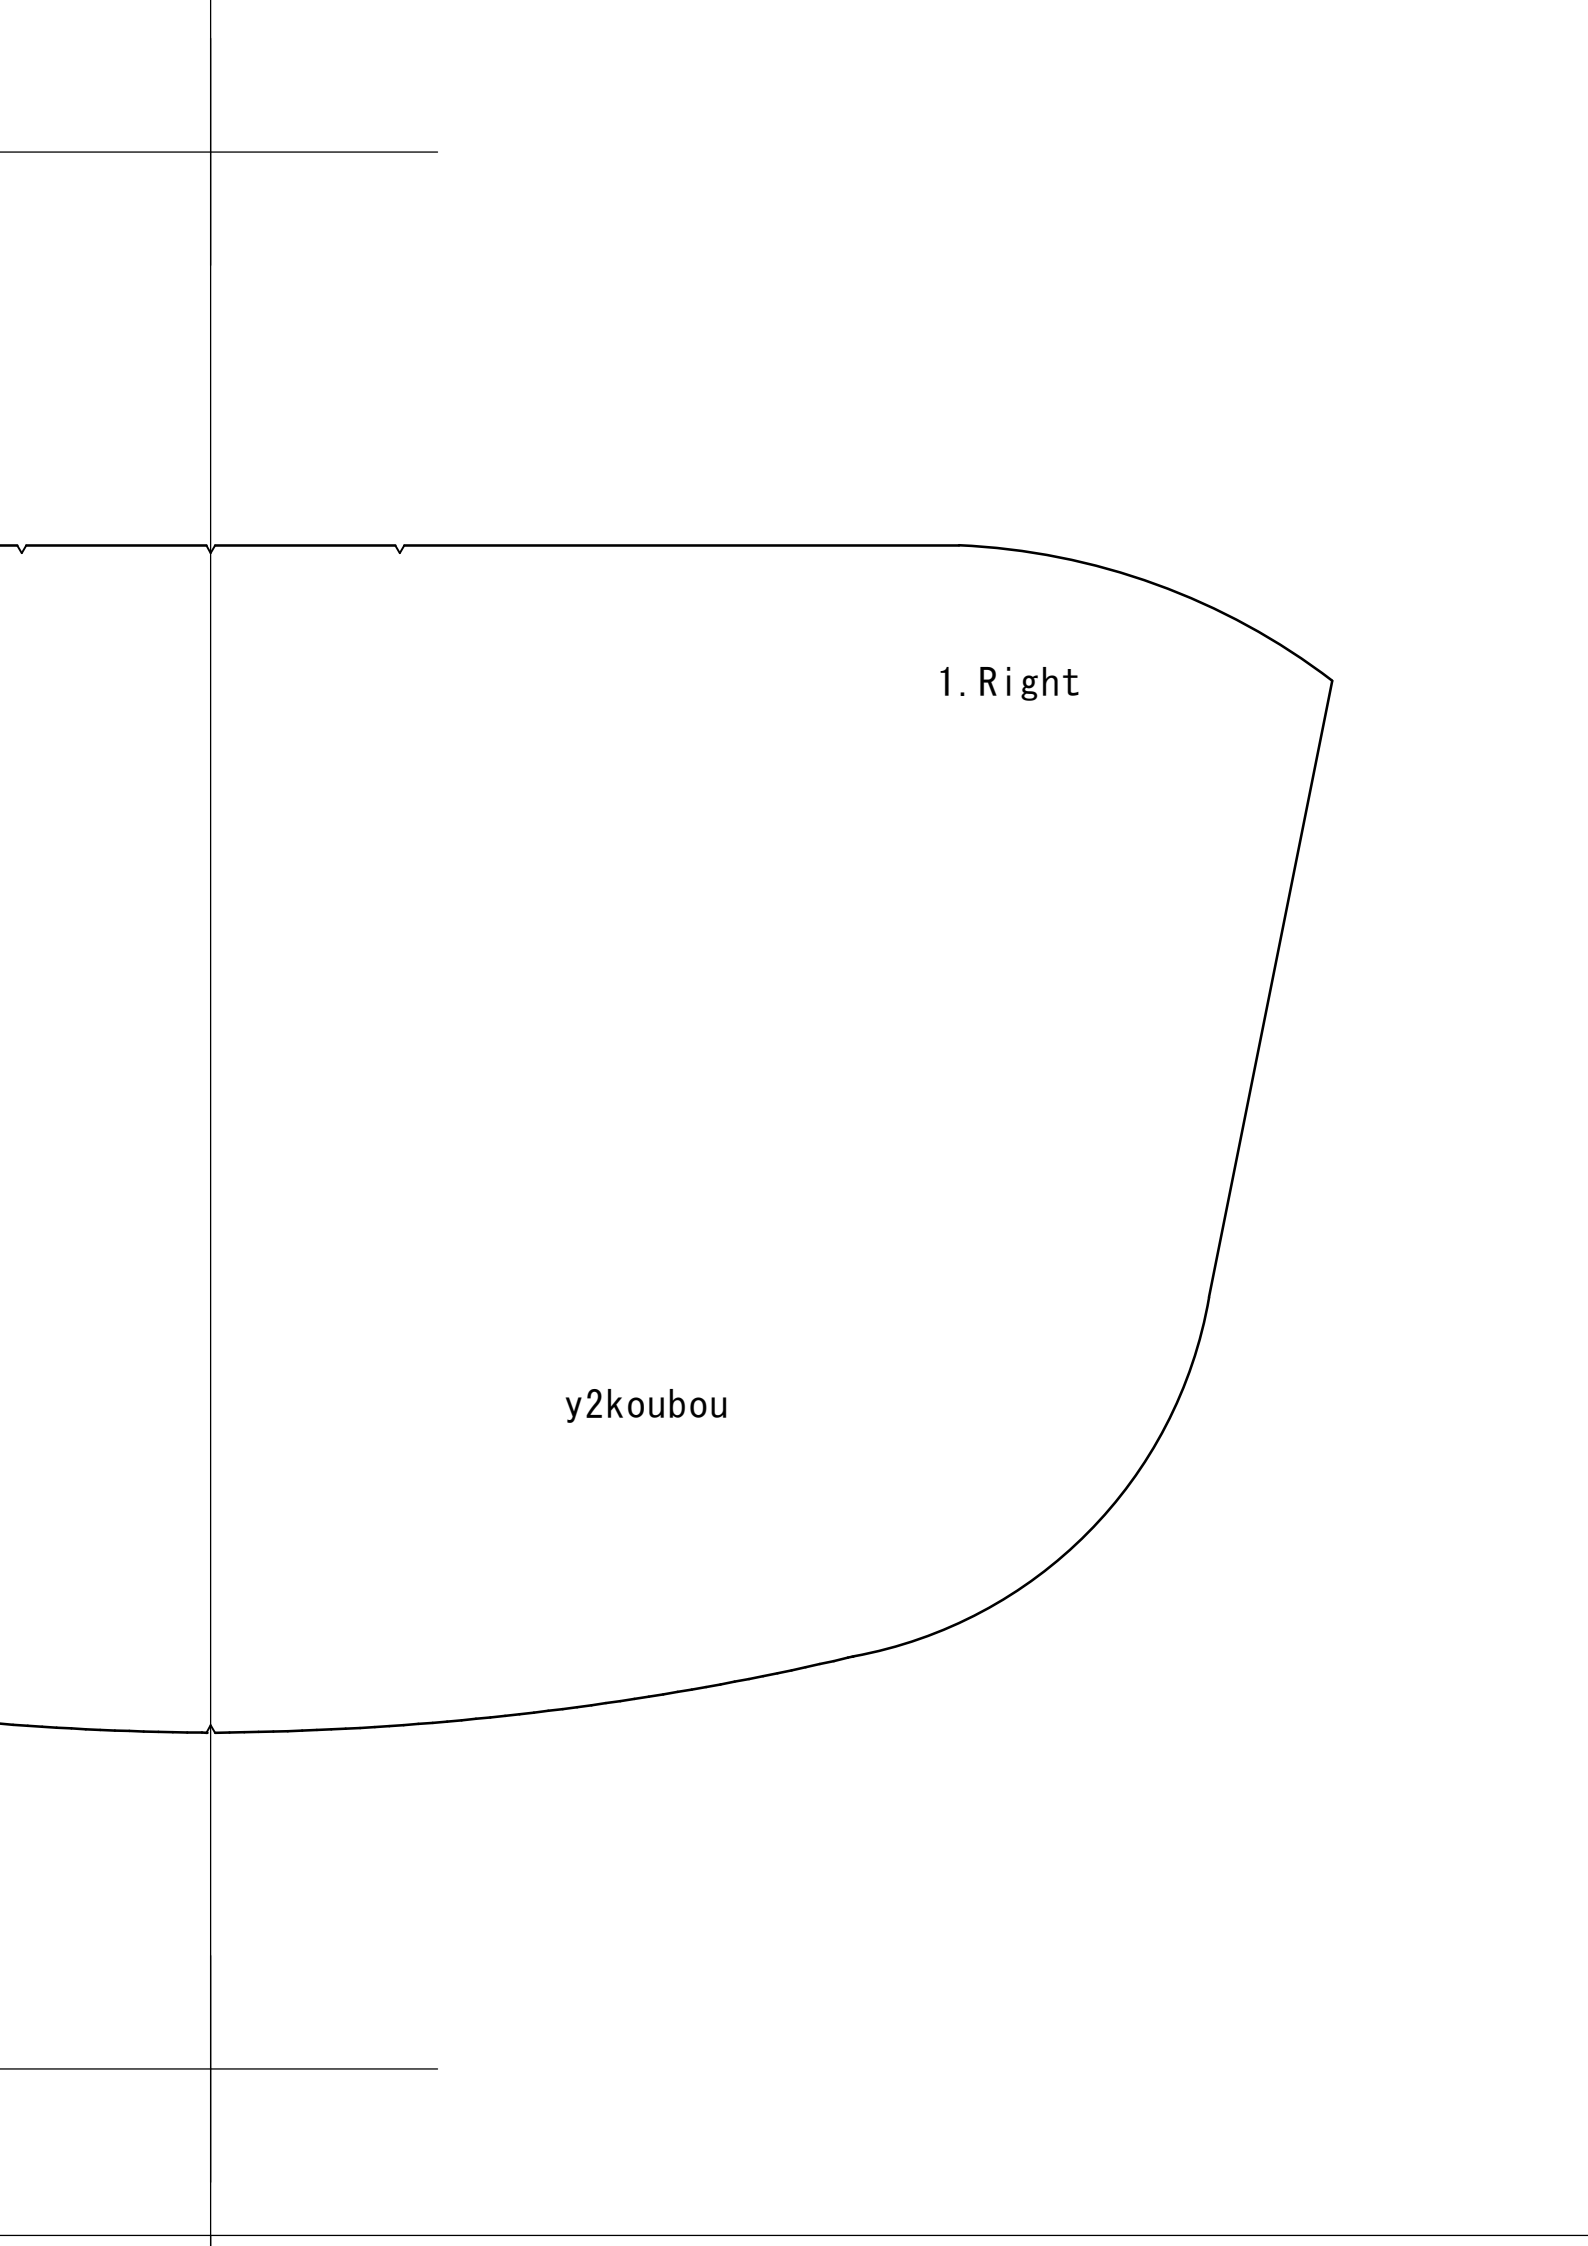

The sewing dimensions may not match due to the accumulation of slight deviations such as the thickness of the leather, the core material, or the thickness of the core material, and it may not be possible to make it neatly. Also, depending on the performance of the printer and the expansion and contraction of the paper, the output may not be accurate, so check the areas where you need to be careful about the deviation of 1 mm (0.0394 inch) before using.

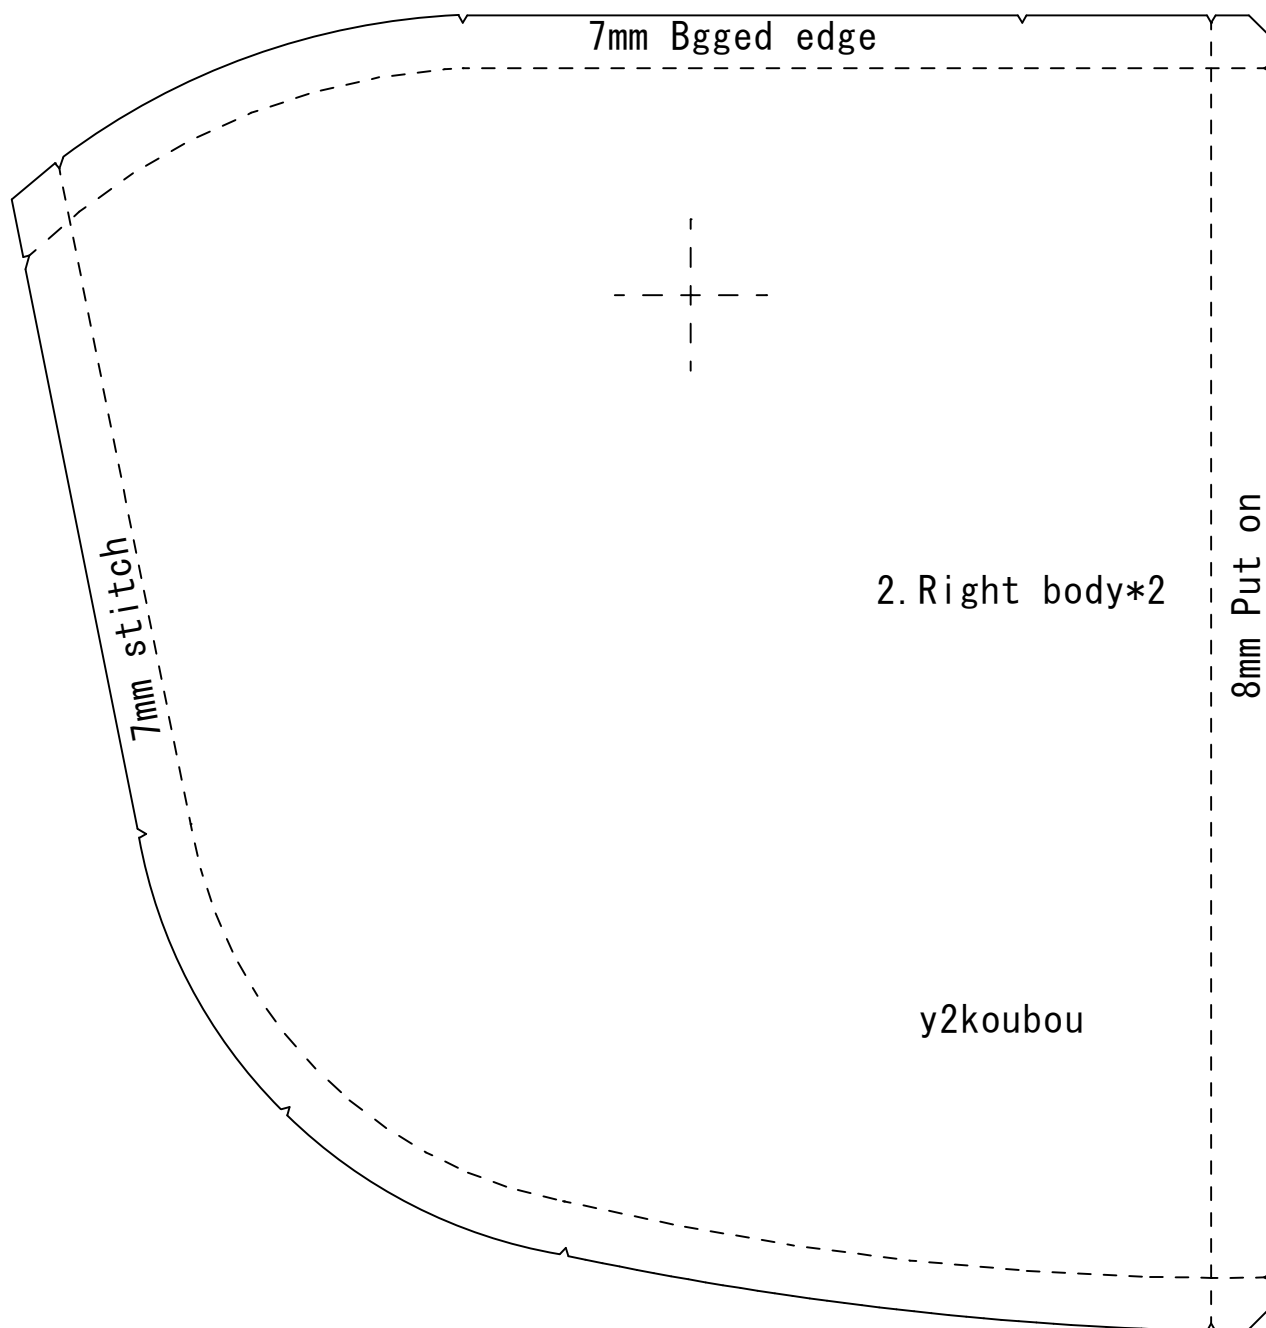

[illegible]

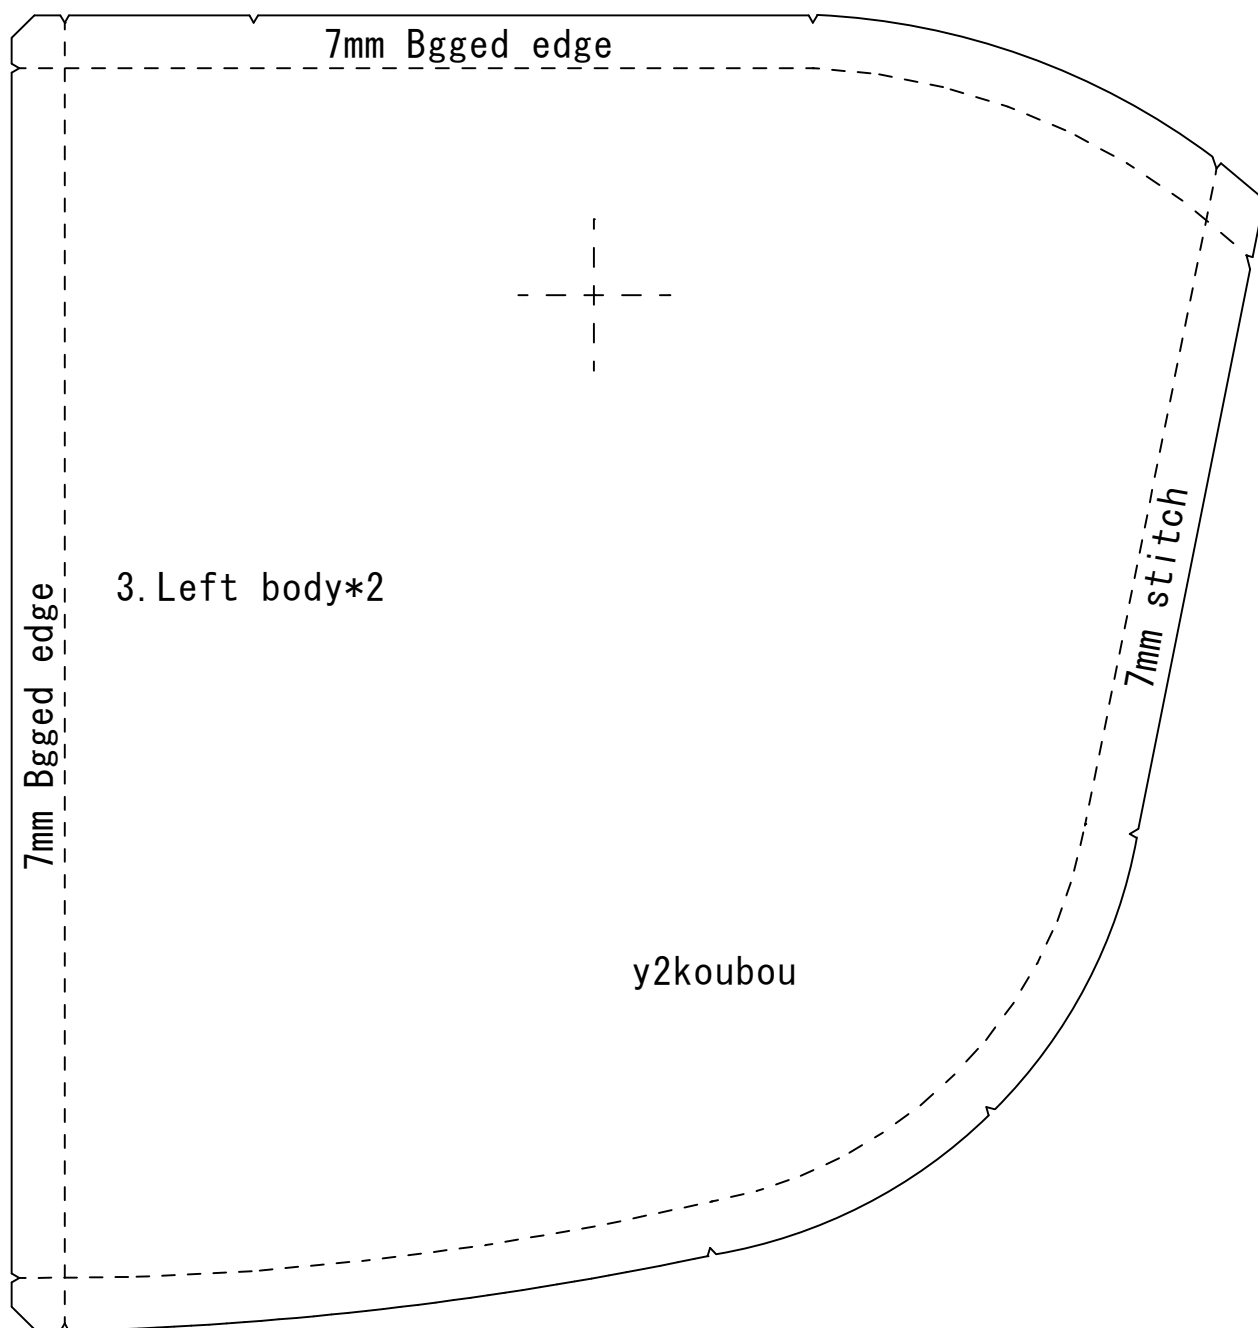

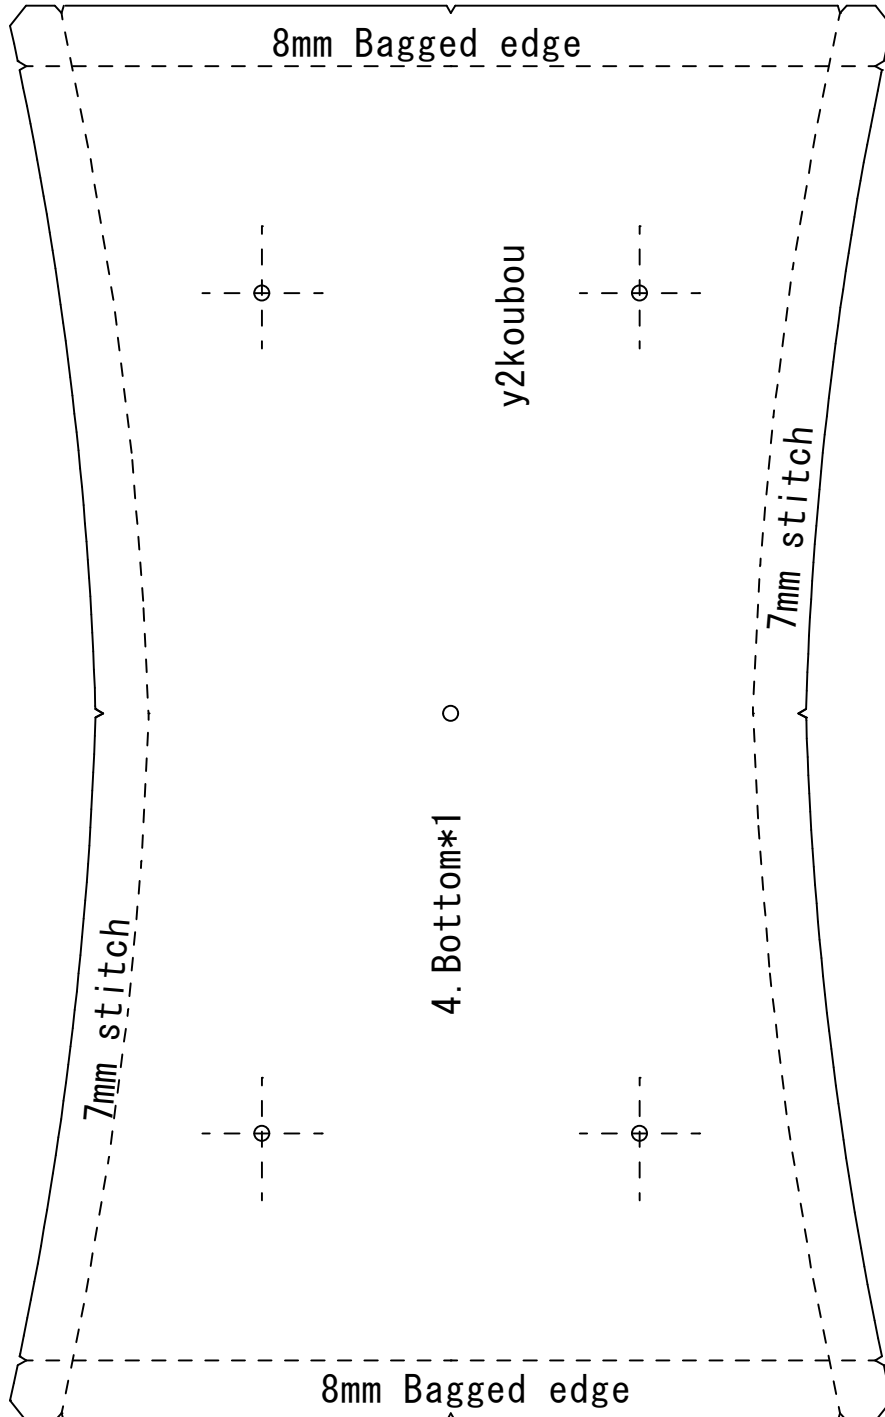

1. Left

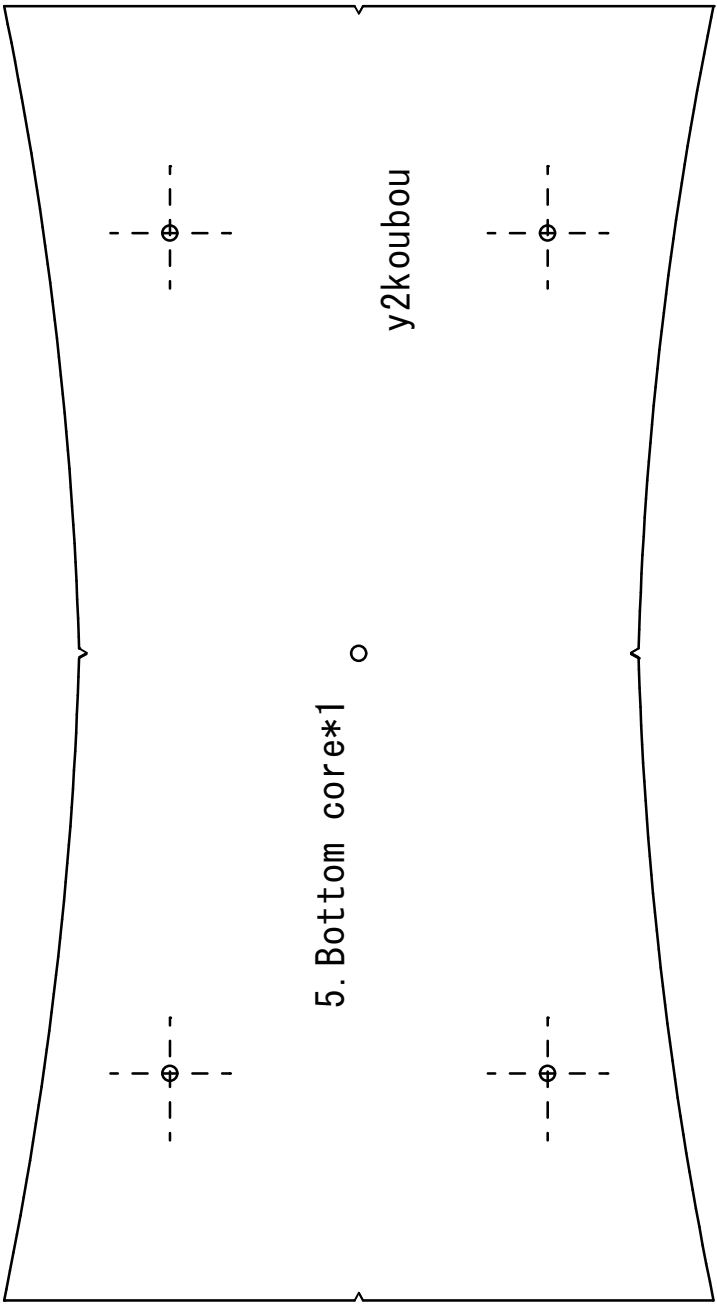

1. Body core*2

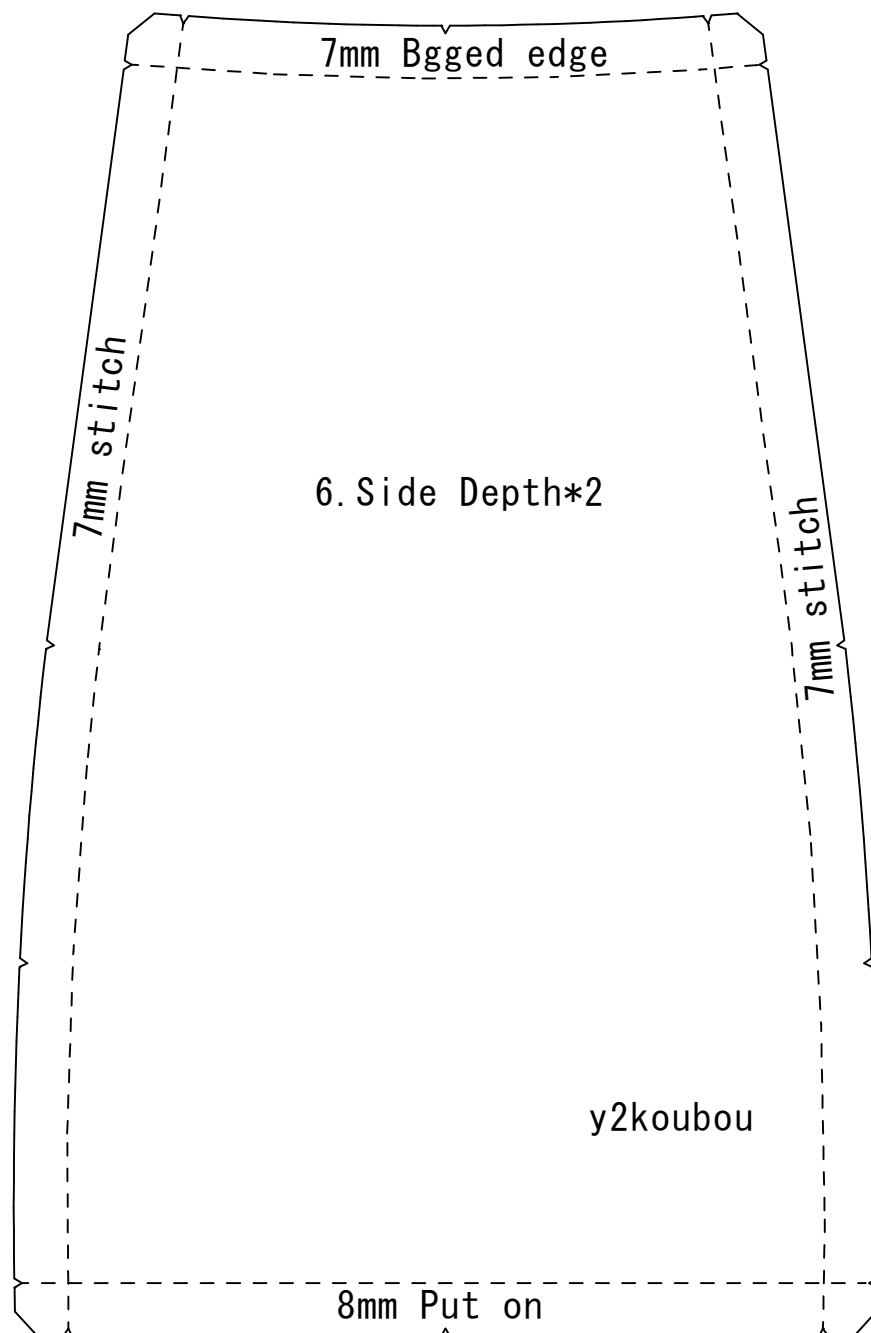

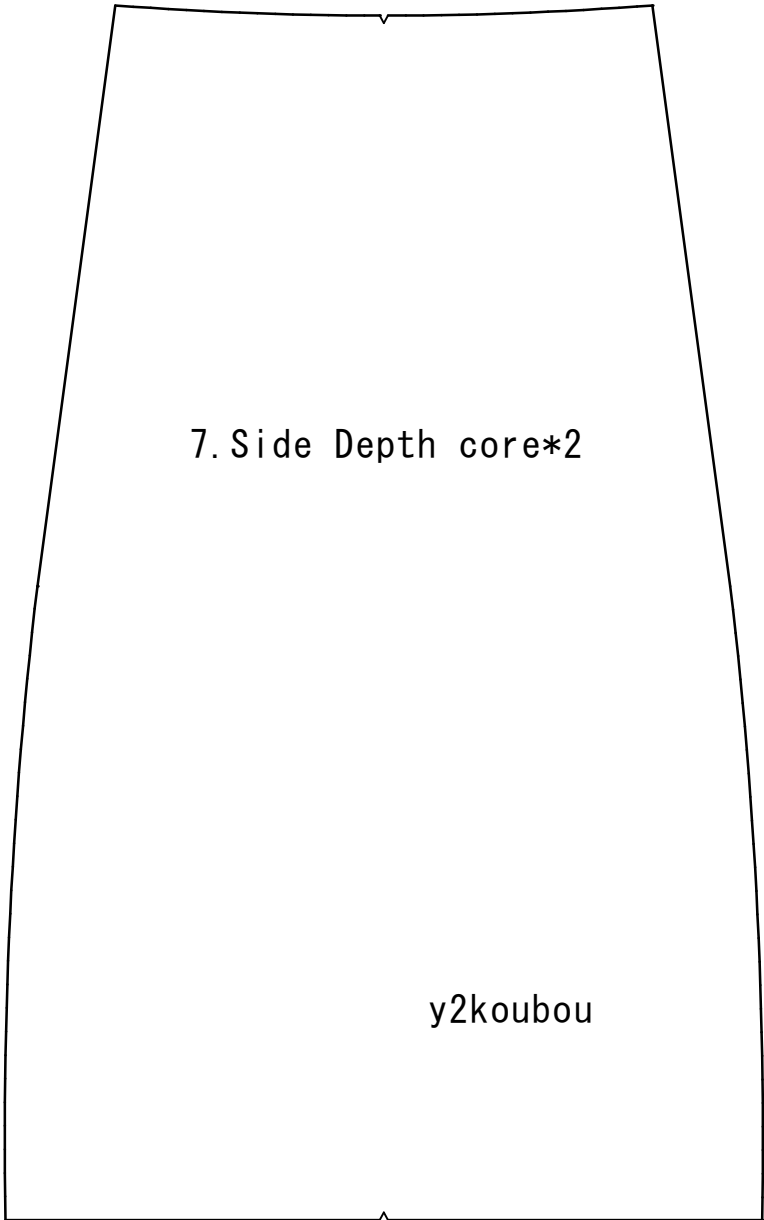

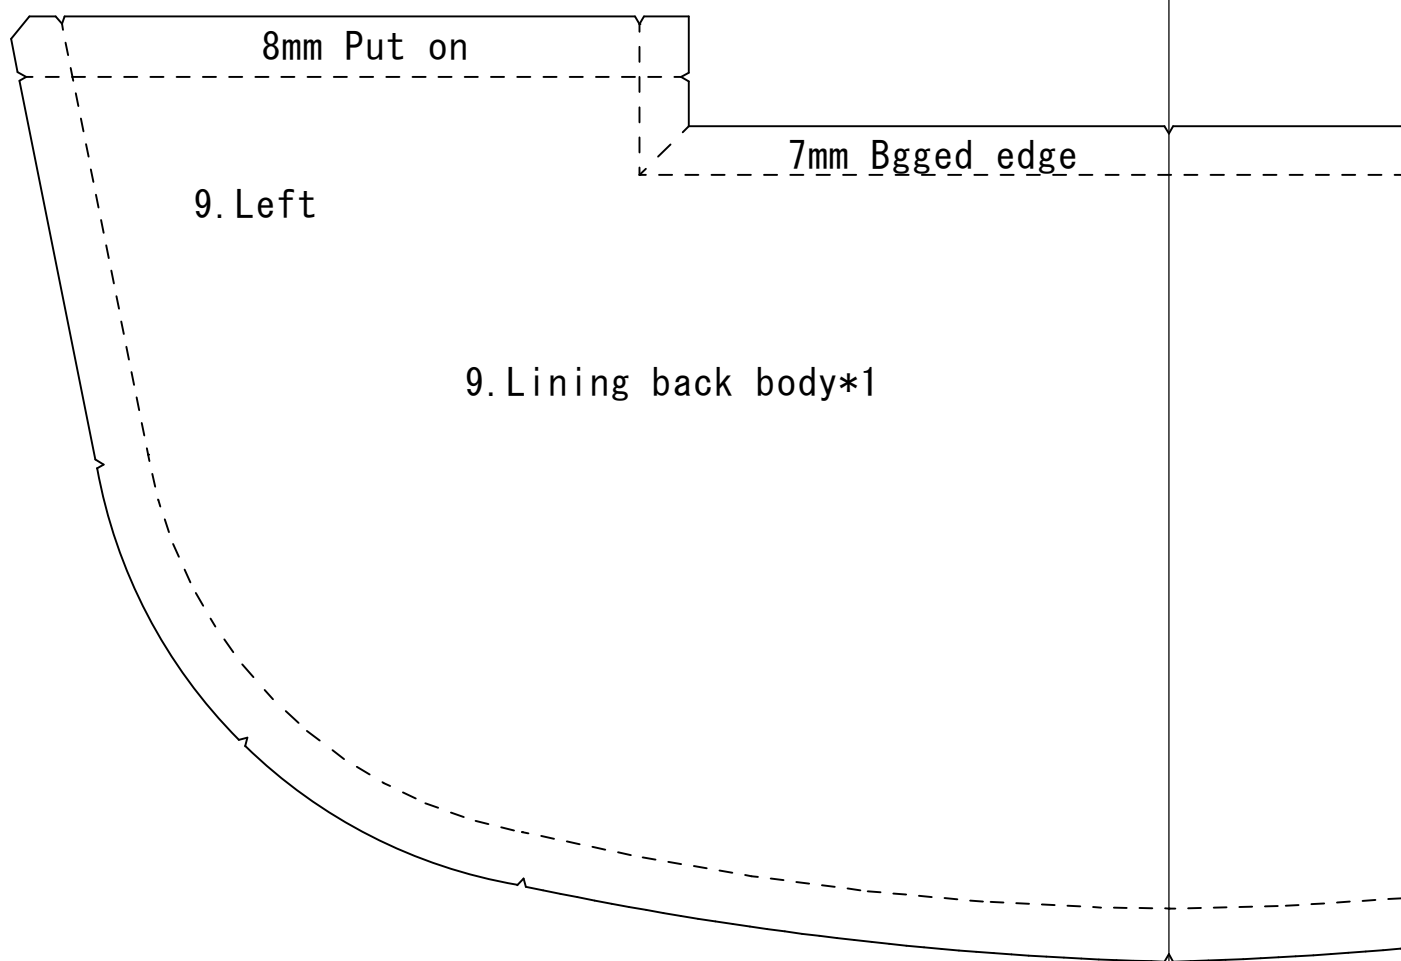

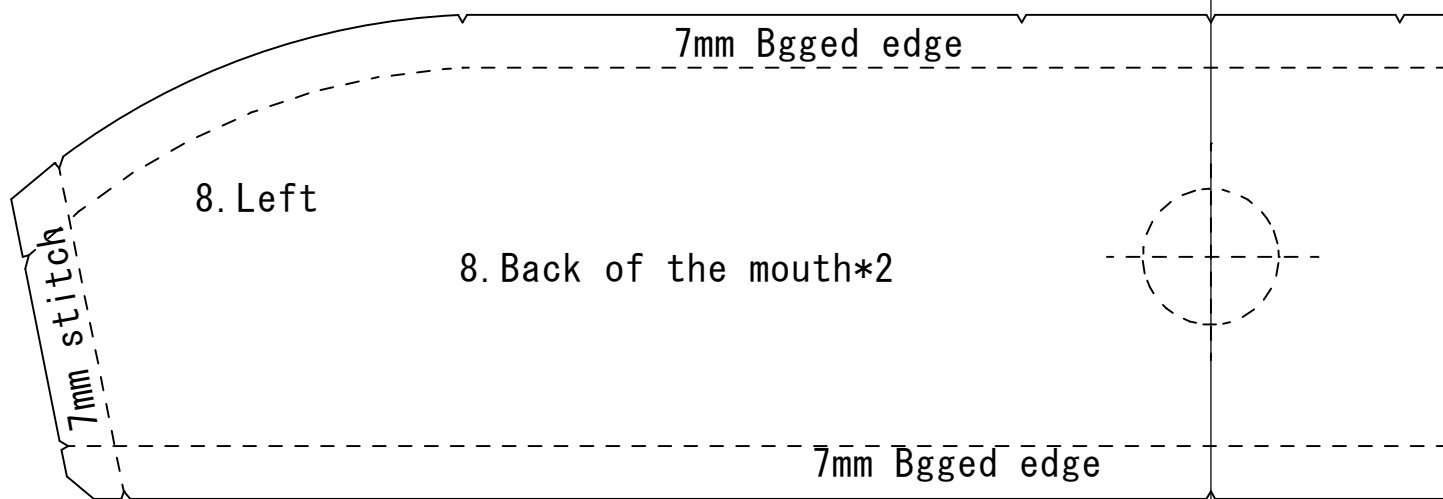

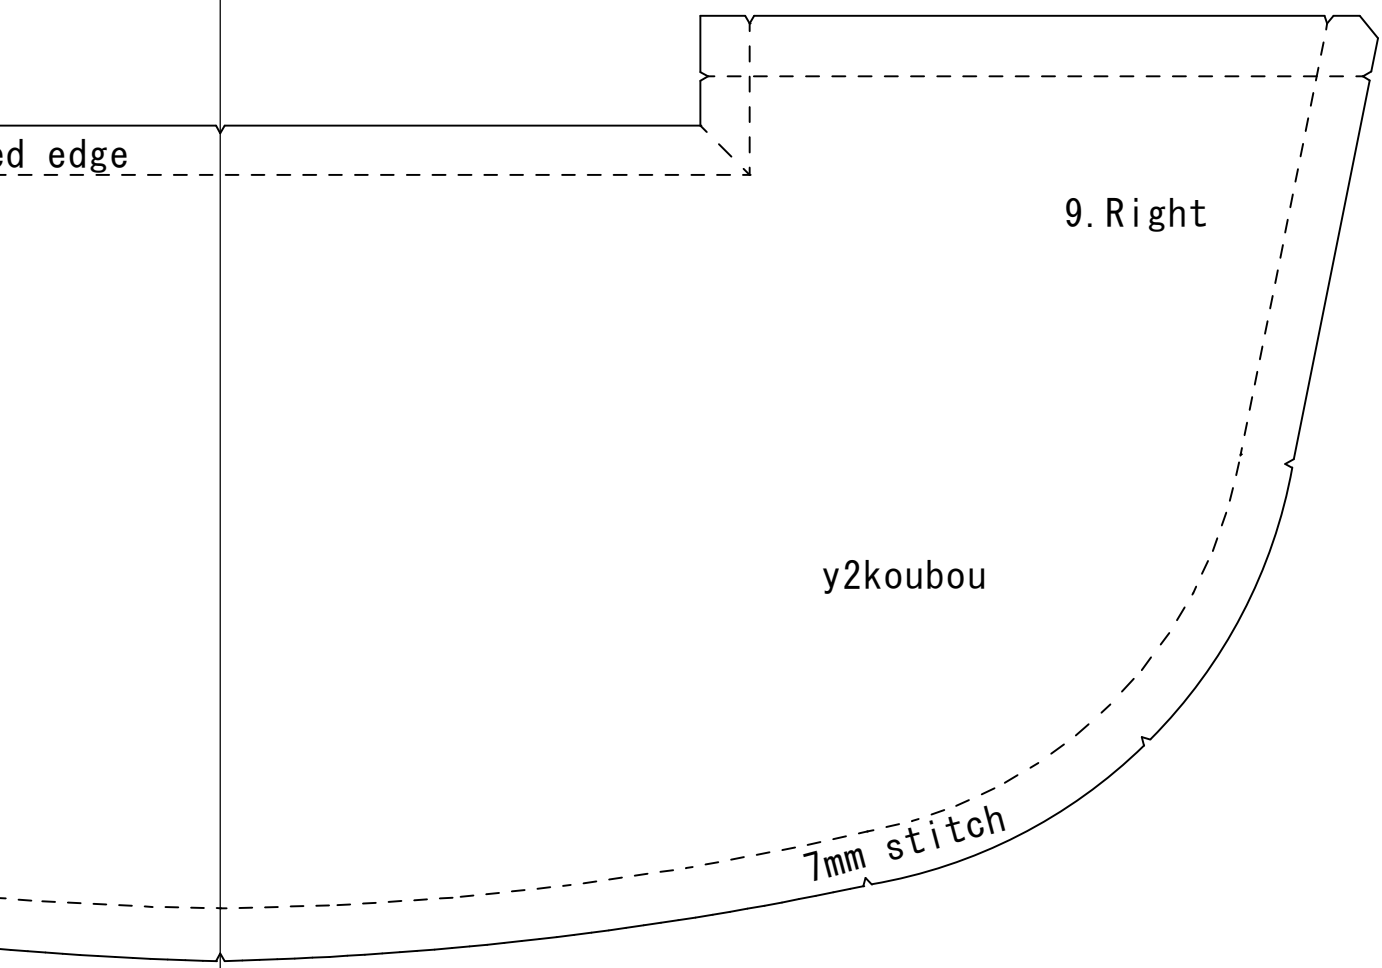

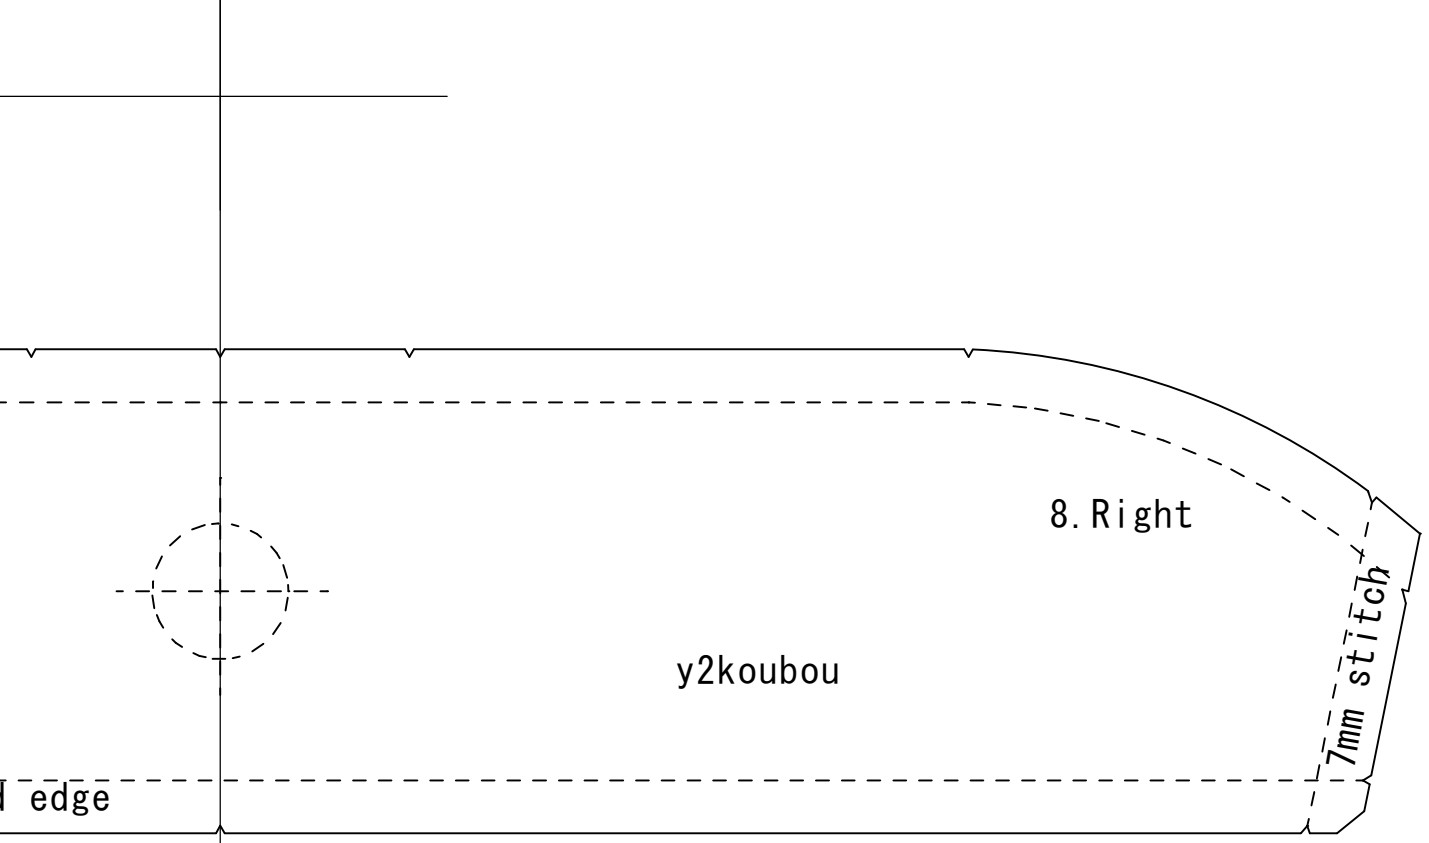

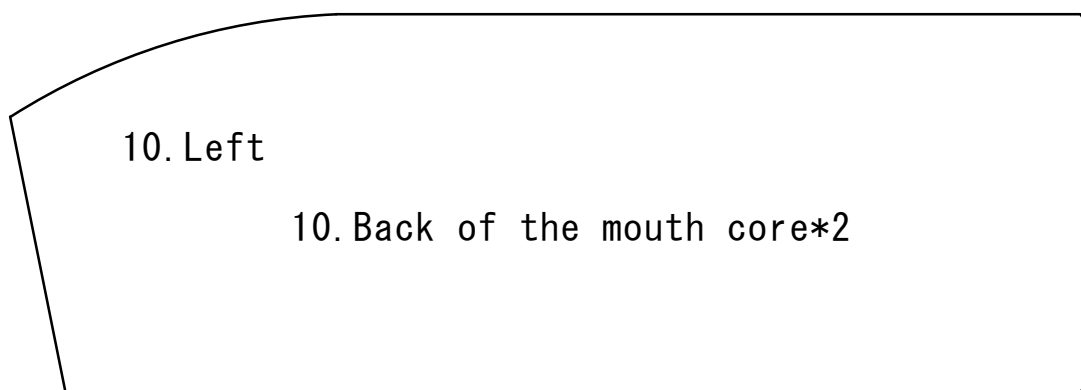

7.Side Depth core*2

28. zipper pocket

The diagram shows a rectangular pattern piece for a zipper pocket. It features three horizontal dashed lines indicating fold positions. The top section is a rectangular flap. The middle section is the main body of the pocket. The bottom section is a wide hem. Labels indicate a '7mm Bagged edge' at the bottom left and 'y2koubou' at the bottom right.
