
THE ALCHEMIST MASK

Assembly instructions

Difficulty level: beginner
Completion Time 2 - 4 minutes

NECESSARY TOOLS

B&W Printer

Scissors or a cutter

Hole Puncher (We recommend 1.5-1.8 mm sized holes for this build)

2.5 square feet of leather. (We recommend 5-6oz leather for this build)

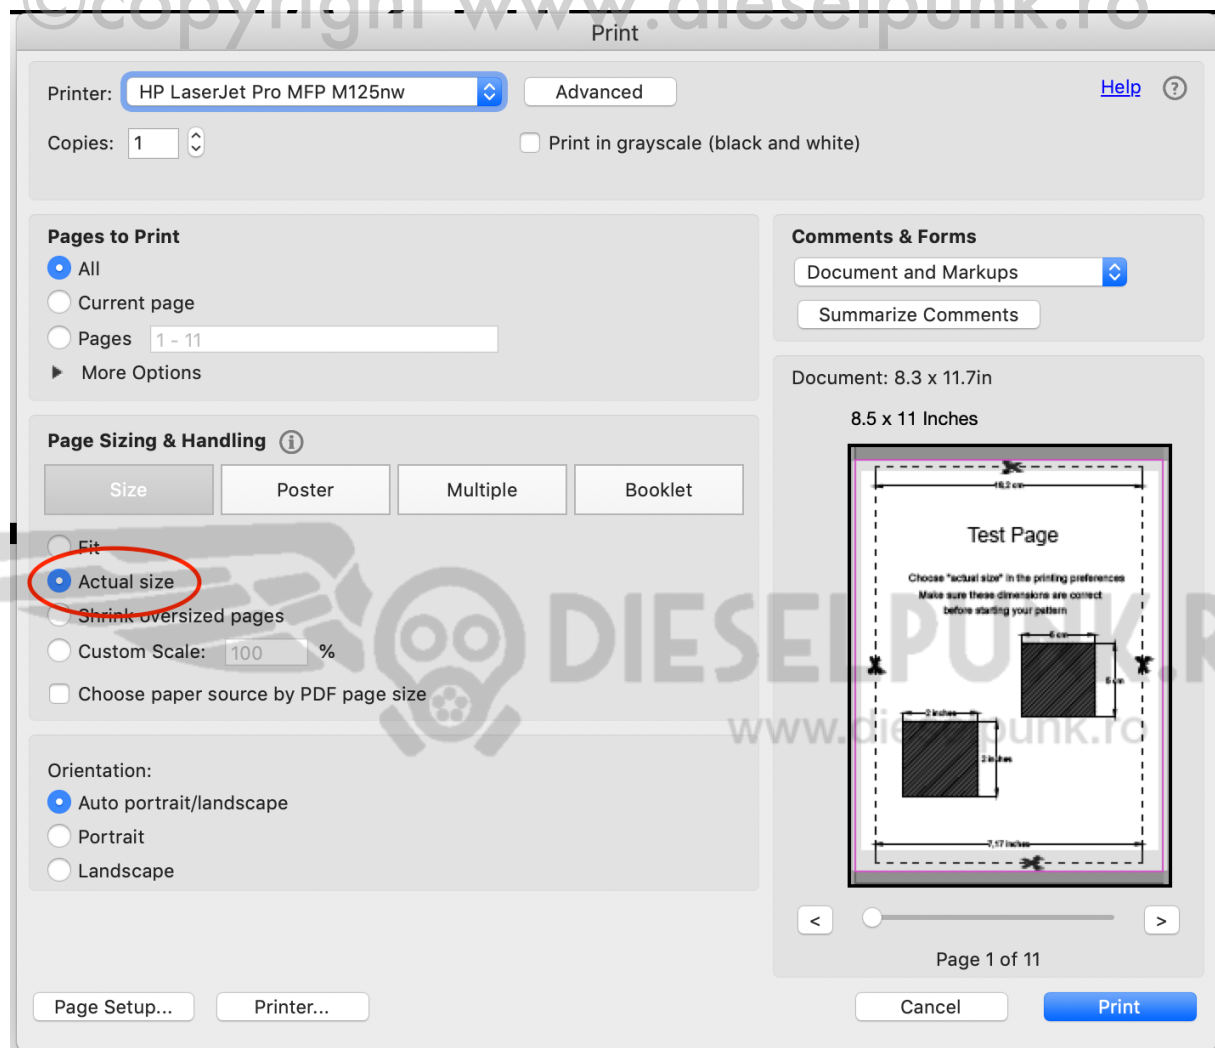

Thread and needles (We recommend 1 mm waxed thread for this build)

2 x 20 mm buckles, a few rivets and 3 x 16 mm corner copper pipes (optional)

PRINTING THE PATTERN

Set up your paper size to A4 and choose actual size in the printer settings

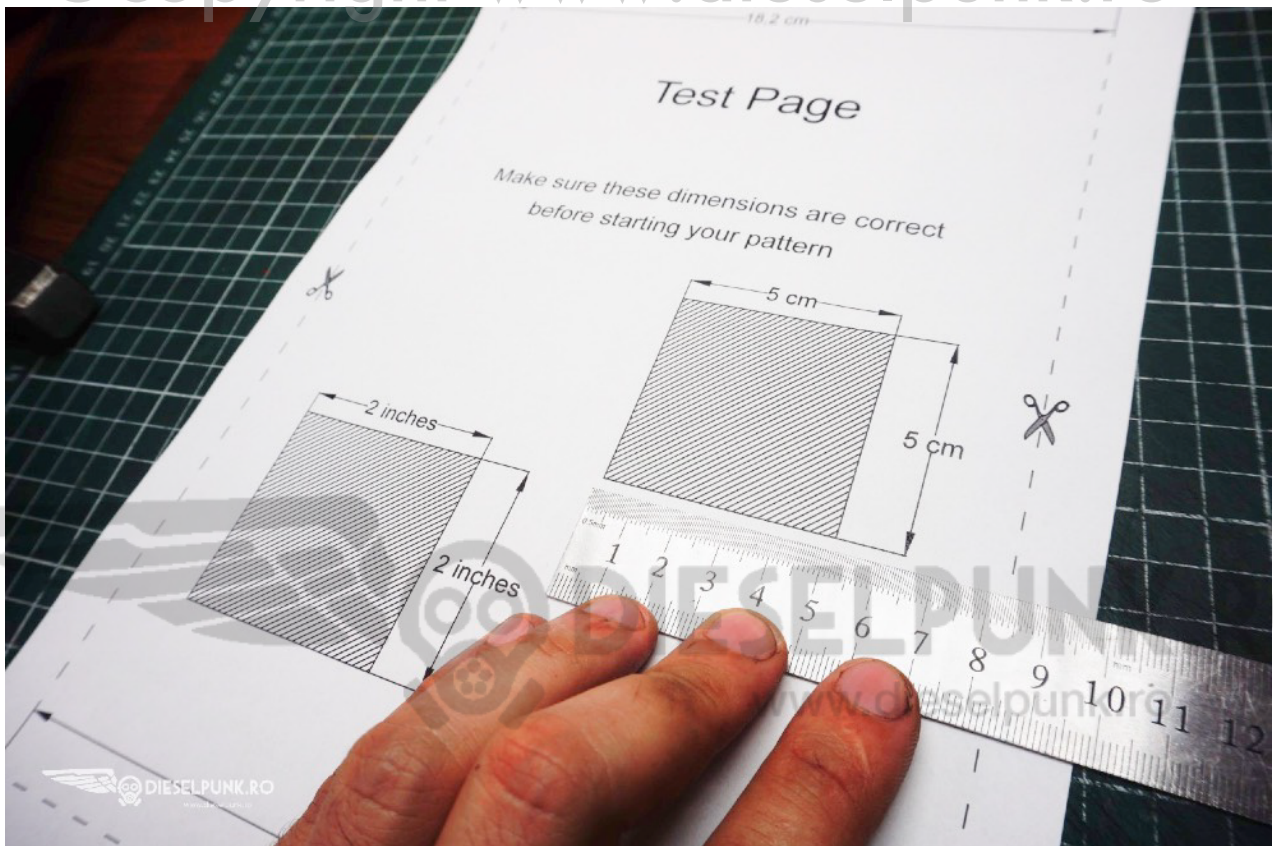

Alternatively you can use "letter" format which is approximately the same size and will not impact the size of the product significantly

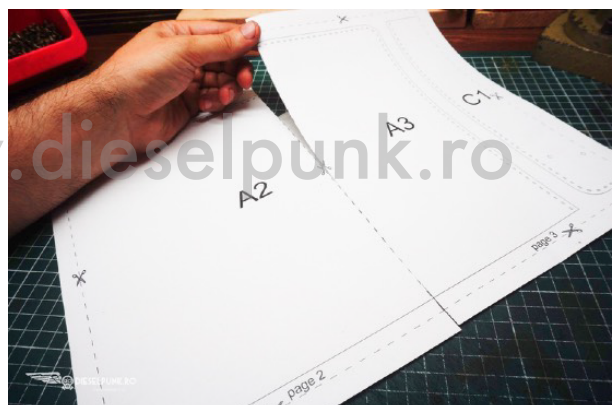

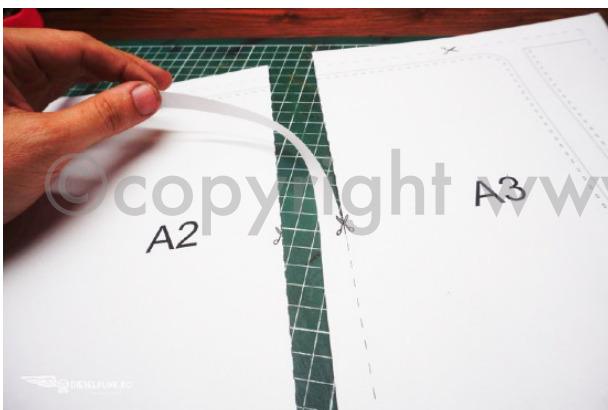

Print all the patterns.

The first page is a measuring reference and you can use a ruler to make sure it matches the square. That means the rest of the pattern will print on the right size

Take note the large piece is spread over two pages.
Cut out the edges and use only the inside of the page

Note that the pattern includes TWO different designs

YOU CAN SELL any items made with my patterns on your own web site or in a brick and mortar shop, at conventions, fairs and so forth without any problem as long as you don't sell more than 10 of each design each year.

If you want to sell them on Etsy.com I will require you buy my pattern again each time you make a sale to cover my designer rights*

*Note that I do not police this rules and I only rely on the honor system to get the due credit.

However if I feel these rules are abused I may choose to take further action within the copyright and the DMCA international law
