To print on a home printer select 100% or true to scale (depending on your printer/software). Another setting that sometimes gets overlooked is the poster setting. For some printers/software you'll need to select that as well so that all the pages get printed. You may also need to select "separate pages to multiple sheets" before you are allowed to select print at 100%.

Materials needed:
7-9oz veg tan leather
3/4" Clip
