

ASSEMBLY INSTRUCTIONS**PAGE 1 / 3**

How to cut the parts from leather : Notice that I had to separate part #3 and #7 into smaller pieces to fit in A4 paper. Stick separated parts to each other with a tape glue by putting them beside each other without any overlap to make the parts as you can see on instructions page2. I Considered all needed parts in PDF file so cut parts #1 to #14 from leather. If you want to use leather strap, you will need also two leather straps in sizes of 80 and 50 cm long and 2.5 cm wide. Otherwise you can use 3 cm wide polyester strap with 150 cm of length.

How to make the bag : In order to make bigger bag, stick the zipper to the top edge of #1 and #2. You can cover the zipper by sticking a layer of lining behind #1 and #2 and then stitch the zipper but put #4 on #1 where it is shown by (e) and stitch it with the zipper. Next, pass the left and right tips of #3, through the 2 cm D-ring and fold it to its back and stitch it. Then stitch #1 and #2 to #3 along (a) and (s) edges. This seam can be done by PIPING method or LAPPED seam method which #1 and #2 should be lapped on #3. Smaller bag is exactly the same as bigger one but instead of D-ring, use size 2 cm swivel clasp for the tips of #7.

For the coin bag, first stitch #9 and #10 to the part #13 by (w) and (x) holes with LAPPED seam method. Then stick the 27 cm zipper all around the #9 and #10 considering that you should pass the #14 through the 1.5 cm swivel clasp and fold it and put its holes between the zipper and #9. Then put #11 inside #9 by adjusting (c) holes. do the same with #12 and (k) holes and stitch all around #9. Then fold #11 and #12 and adjust (r) and (h) holes and stitch all around #10. Note that the #11 and #12 will hide inside the bag when the zipper is closed.

Attach the smaller bag to the D-rings of the bigger one by clasps and attach the straps and coin bag to these rings too.

Please follow us on Instagram >> @bag.pattern to see new models and DM for help and support. good luck...

MATERIALS AND FITTINGS NEEDED

Cowhide 4-5 oz leather : approx. 4 ft²

Linen or other waxed thread : approx. 30 m

Size 5 mm Zipper : 90 cm

Zipper puller : 3

Size 2.5 cm D-ring : 2 for bigger bag

Size 2.5 cm swivel clasp : 2 for straps

Size 2 cm swivel clasp : 2 for small bag

Size 1.5 cm swivel clasp : 1 for coin bag

Size 2.5 Buckle : 1 for strap
